- 7. *The instrument appointing a proxy and the power of attorney or other authority (if any), under which it is signed or a notarially certified copy of that power of attorney or authority, shall be deposited at the registered office of the Company at Lot 10449, Jalan Nenas, Batu 4½, Kampung Jawa, 41000 Klang, Selangor Darul Ehsan not less than forty-eight (48) hours before the time appointed for holding the Meeting or at any adjournment thereof.*

**Explanatory Notes: -**1. Item 1 of the Agenda

This Agenda item is meant for discussion only as the provision of Section 340(1)(a) of the Companies Act 2016 does not require a formal approval of the shareholders for the Audited Financial Statements. Hence, this Agenda item is not put forward for voting.

2. Resolution 1

Section 230(1) of the Companies Act 2016 provides amongst others, that the fees of the Directors and any benefits payable to the Directors of a listed company and its subsidiaries shall be approved by the shareholders at a general meeting. Pursuant thereto, shareholders' approval will be sought for the fees and benefits payable to the Directors for the period from 27 August 2020 to the next AGM of the Company in year 2021.

The amount of directors' fee for the financial year ended 31 March 2020 amounted to RM132,000 and the estimated amount of Directors' fees from 1 April 2020 up to the next annual general meeting of the Company in 2021 remains the same.

3. Ordinary Resolutions 1 and 2

The Nomination and Remuneration Committee of the Company and the Board of Directors of the Company had assessed the independence of Mr. Kong Sau Kian and Mr. Lim Kim Meng, who have served as Independent Non-Executive Directors of the Company for a cumulative term of nine (9) years, and with their consent, had recommended for them to continue to act as Independent Non-Executive Directors of the Company based on the following justifications:-

- (a) they fulfilled the criteria of the definition of Independent Director as stated in the Main Market Listing Requirements of Bursa Malaysia Securities Berhad and had expressed their willingness to continue in office as Independent Non-Executive Directors of the Company;
- (b) their vast experience in different professions would enable them to provide the Board with a diverse set of experience, expertise and independent judgement without the influence of the Management;
- (c) they have served the Company as Independent Directors for a cumulative term of nine (9) years during which they had acted in good faith and in the best interests of the Company, exercising their independent judgement during deliberations and decision making during the Company's meetings and was familiar with the Company's business operations; and
- (d) they have proven to be reliable Independent Directors with their professionalism aptitude and outlook of business perspective, devoted sufficient time and attention to their professional obligations for informed and balance decision making and had also exercised due care during their tenure in the best interests of the Company and the shareholders.

4. Ordinary Resolution 3

The proposed Ordinary Resolution 3 is for the purpose of seeking renewal for the general mandate to empower the Directors of the Company pursuant to Sections 75 and 76 of the Companies Act 2016, from the date of the Forty-Fifth Annual General Meeting ("45<sup>th</sup> AGM") of the Company, to issue and allot shares in the Company at any time to such persons in their absolute discretion without convening a general meeting provided that the aggregate number of the shares issued does not exceed ten percent (10%) of the total number of issued shares of the Company for the time being. The general mandate, unless revoked or varied at general meeting, will expire at the next AGM of the Company.

The general mandate will provide flexibility to the Company for any possible fund raising activities, including but not limited to placement of shares for the purpose of funding future investment(s), project(s), working capital and/or acquisition(s).

As at the date of this Notice, no new shares in the Company were issued pursuant to the general mandate granted to the Directors at the Forty-Fourth Annual General Meeting of the Company held on 23 August 2019, which will lapse at the conclusion of the 45<sup>th</sup> AGM of the Company. Hence, no proceeds were raised therefrom.

5. Ordinary Resolution 4

This proposed Ordinary Resolution 4, if passed, will enable the Company and its subsidiaries to enter into recurrent related party transactions of a revenue or trading in nature with Related Parties in the ordinary course of business and necessary for the day-to-day operations of Asia Brands Group, based on commercial terms which are not more favourable to the Related Parties than those generally available to the public and are not detriment to the minority shareholders of the Company.

Please refer to Part A of the Circular/Statement to Shareholders dated 27 July 2020 circulated together with this Annual Report for further information.

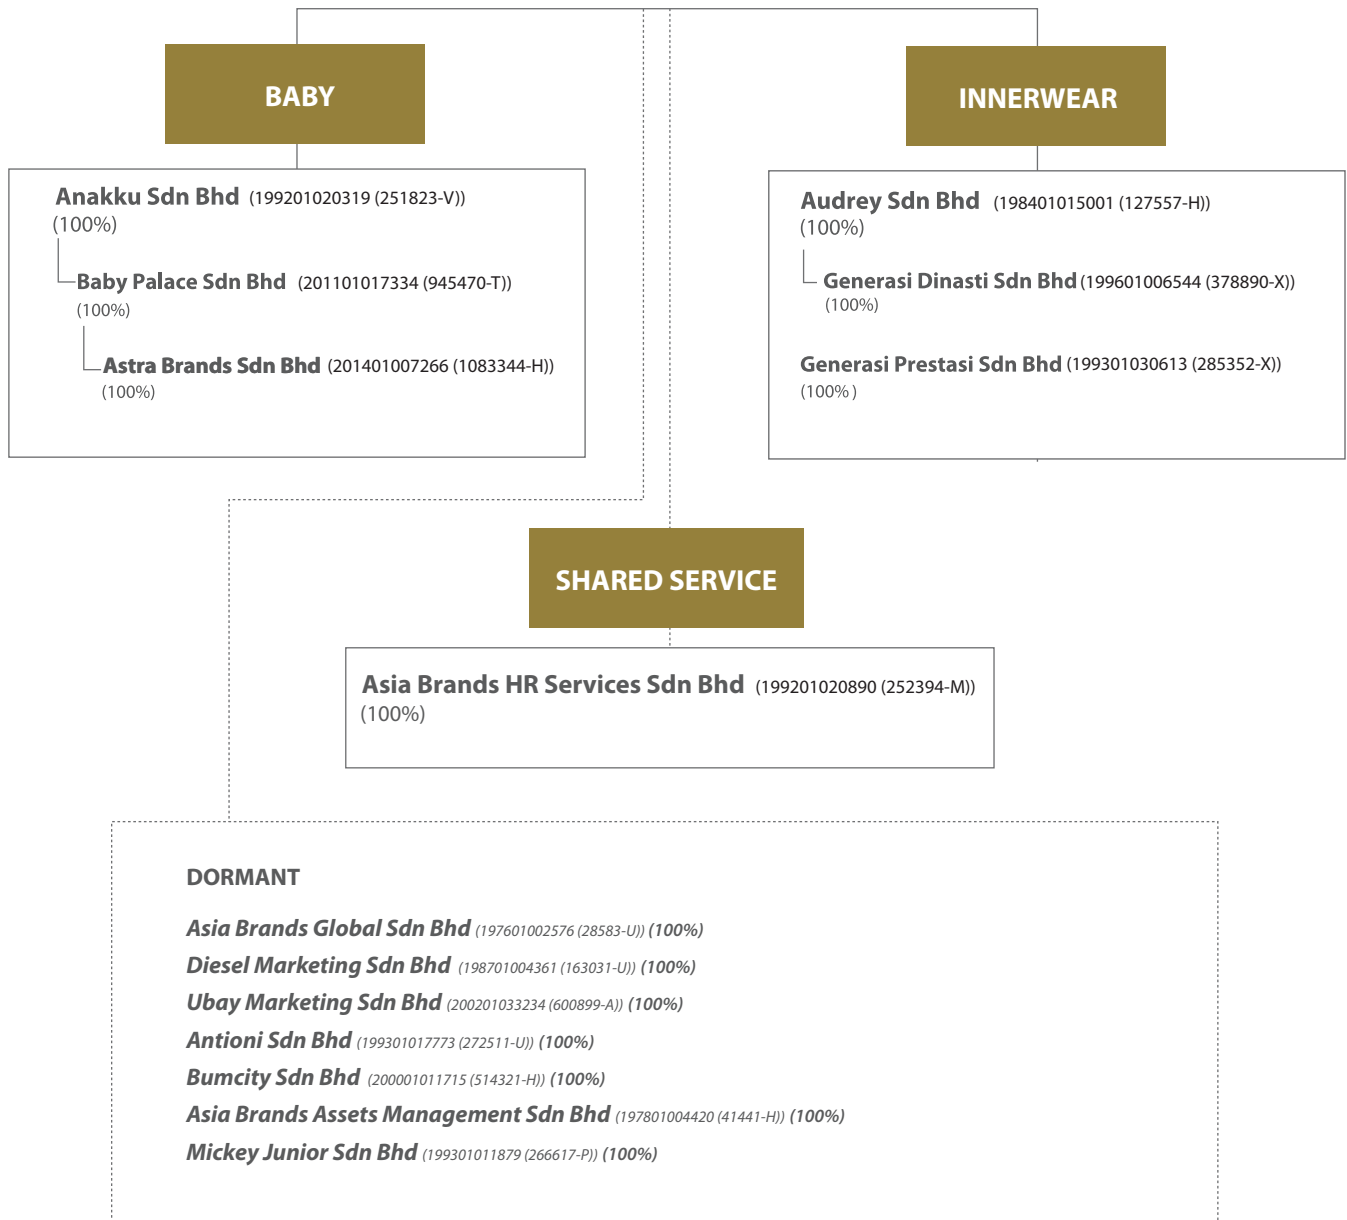

6. Ordinary Resolution 5

The proposed Ordinary Resolution 5, if passed, will provide a renewed mandate to the Company to purchase its own shares up to ten percent (10%) of the total number of issued shares of the Company. This authority shall lapse at the conclusion of the next Annual General Meeting unless authority for the renewal is obtained from the shareholders of the Company in a general meeting.

Please refer to Part B of the Circular/Statement to Shareholders dated 27 July 2020 circulated together with this Annual Report for further information.

Dear Shareholders,

On behalf of the Board of Directors, I am pleased to present to you the Annual Report and Audited Financial Statements of **Asia Brands Berhad** for the financial year ended (FYE) 31 March 2020.

### Corporate Development

In FYE 31 March 2020, we are pleased to inform that the Group recorded a profit before tax of RM9.5 million compared to RM 7.2 million in FYE 31 March 2019. Despite a challenging economic environment due to political instability domestically and geopolitical factors globally, the Group managed to achieve a year-on-year growth of 6.8% in revenue and 31.9% in profit before tax. The Group managed to retire its existing IMTN (Islamic Medium Term Note) of RM 50,000,000 due on 16 March 2020 and further secured a new issuance of RM40,000,000 from the existing IMTN.

### Industry Outlook

The ongoing COVID-19 pandemic has had a dramatic impact on businesses globally with the retail industry being impacted the most. The Movement Control Order (MCO) and its subsequent series of extensions have adversely affected the Group's business and financial position. Productivity in all segments of our business has been reduced tremendously. The management team is monitoring the situation closely during this challenging time and business recovery plans are in place for all of our business units.

The business is currently fully operational but we expect a slow path to recovery. To dampen the impact of an expected decline in demand for our existing products, we will be diversifying our product range.

Our teams will continue to support all of our customers' needs and will strictly adhere to the Standard Operating Procedures (SOPs) implemented by the relevant authorities.

We are confident in the resilience of our business and our ability to continue providing an extensive range of products to our customers. We remain cautious of the current economic environment but hope to fully recover within the next six months.

### Dividend

The Board had deliberated and decided not to propose any dividend at the forthcoming Forty-Fifth Annual General Meeting.

### Board Commitment

The Board continues to uphold and implement high standards of corporate governance and corporate social responsibility across the Group. Details of the corporate governance disclosure and activities of corporate social responsibility are disclosed in the relevant sections of the annual report.

We value the diverse mix of skills, experience, knowledge and competencies of the Board and will continue to drive better performances for the Group.

### Acknowledgment and Appreciation

I would like to take this opportunity to thank everyone involved for their contributions toward the profitability of the Group during the past year and we will strive harder to achieve higher goals in the coming year. My appreciation extends to my fellow Directors, customers, business partners and suppliers, bankers, advisors and shareholders for their continuous support.

## Business Overview

It is truly a challenging time for all of us affected by the COVID-19 pandemic and the subsequent Movement Control Order (MCO) imposed by the Malaysian Government. These are unprecedented times in our history not only in our country but also worldwide. The Group will remain focused on doing all we can to keep employees, customers and communities safe.

The economic after-effect is unquantifiable at this juncture both to our nation as well as the Group's business. Our cash flow situation is adversely affected due to the temporary closure of most of the Group's core business following the MCO.

For the first 10 months of the year under review, we have followed up with our business transformation plan implemented 2 years ago and reaping positive outcome including returning the Group to the path of profitability. However, in the last 2 months of the financial year, COVID-19 pandemic started to wreak havoc, firstly, in our supply chain especially goods sourced from China, and subsequently extended to a temporary halt of all economic activities arising from the implementation of MCO in Malaysia.

Thankfully, the Malaysian Government had announced several stimulus packages between 27 February 2020 to 6 April 2020 totalling RM280 billion. Though the stimulus benefitted mostly individuals and SMEs, there are a few that are applicable to all businesses and corporation as follows:

- Wage Subsidy Program - RM600 per month for each employee earning less than RM4,000 for 3 months.
- Loan guarantee scheme - Danajamin to provide guarantee up to 80% of financing amount.
- Loan moratorium - banks are allowed to reschedule loans and trade facilities for businesses affected.

The Group has taken action to apply for the above.

## Financial Review

The Group recorded a revenue of RM187.6 million, representing an increase of 6.8% over RM175.6 million in the previous year. This is due to organic growth, opening of new outlets, enhanced product range and successful sales campaigns.

With the above, we have successfully remain profitable second year in succession by recording a profit before tax (PBT) of RM9.5 million as compared to a PBT of RM7.2 million for the corresponding period last year. We have also recorded a significant jump in profit after tax (PAT) of 60.4% to RM8.5 million compared to a PAT of RM5.3 million in the last financial year.

Earnings per share was at 3.66 sen for the current financial year as compared to earning per share of 3.75 sen in the previous year. This reflects the full impact of increased number of shares compared to the weighted average numbers of shares recorded late in the previous year. Total shareholders fund stands at RM198.0 million for the year compared to RM189.5 million in the last financial year.

The Group managed to retire its existing IMTN (Islamic Medium Term Note) of RM 50,000,000 due on 16 March 2020 and further secured a new issuance of RM40,000,000 IMTN. The debt to equity ratio now stands at 0.33 times as compared to 0.34 times previously.

We are pleased to report that both our main business divisions have reported positive PBT together for the first time in 5 years.

Finance cost recorded at RM4.7 million as compared to RM6.3 million for the corresponding period last financial year 2019.

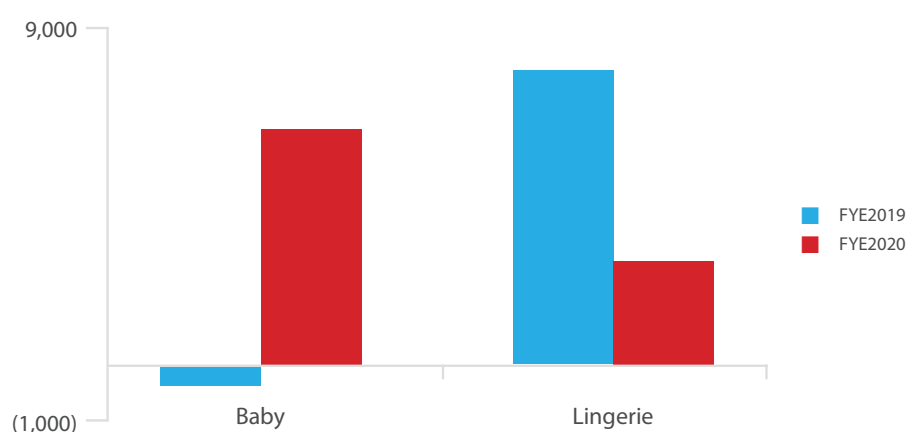

### Segmental Review

The Group is principally engaged in the operation of retailing and distribution of baby apparels with related products and lingerie with related products.

Revenue* (RM'000)	FYE2020		FYE2019	
Baby Products Division	135,404	72%	123,812	70%
Lingerie Products Division	53,165	28%	51,973	30%
Total	188,569	100%	175,785	100%

\* Revenue have been restated to adjust for understatement of revenue due to recognition of commission of concessionaire sales as a sales and distribution expense.

Profit before tax (RM'000)	FYE2020 (RM'000)	FYE2019 (RM'000)
Baby Products Division	5,766	(513)
Lingerie Products Division	3,615	7,684
Total	9,381	7,171

### Baby Products Division

For FYE2020, revenue increased 9.4% to RM135.4 million from RM123.8 million last year. The division registered a profit before tax of RM5.8 million compared to a loss before tax of RM0.5 million for the same period last financial year.

We managed to turnaround the business and improve financial earnings. During the year, we opened 1 large format store and have maintained our consignment counters bringing a total of 83 stand-alone outlets and 189 departmental store consignment counters as at 31 March 2020.

We are implementing the following measures as part of the post-MCO business plan:

- holding discussions with malls and property owners regarding measures to mitigate Covid-19 impact
- increase the adoption of e-commerce platform to sell products
- create new products such as hand sanitizers and surface antibacterial cleaners to meet new demand
- to maximise loan repayment moratoriums from the economic stimulus packages.

We recorded a closing stock balance of RM49.7 million as compared to RM43.0 million last financial year

### Lingerie Division

For FYE2020, revenue increased 2.3% at RM53.1 million compared to last financial year of RM52.0 million. However, the division registered a drop in PBT to RM3.6 million compared to a PBT of RM7.7 million for the same period last financial year.

PBT margin deteriorated to 6.8% from 14.8% for the corresponding period last year. Increased competition had pushed higher promotion spending in order to sustain market share. We have also invested in warehousing infrastructure to prepare for e-commerce adoption in the new financial year.

We have maintained 41 stand-alone outlets and 161 departmental store consignment counters as at 31 March 2020. Total inventory stands at RM19.0 million as compared to RM17.0 million last year.

### Risk Exposure and Mitigations

The Group's major business operations are sales, distribution and retailing of consumer goods that are subject to the risks stated below. Changes in these conditions below may have material impact on the Group's operations, performance, financial condition and liquidity.

- a) General economic condition;
- b) Changes in law, by-laws and/or government policy which affect trade, retail and distribution industry;
- c) Changes by Bank Negara Malaysia and commercial banks on their credit policy and fluctuation of bank interest rates; and
- d) Shortage of skilled business operators and movement in cost of goods leading to increasing cost.

The Management will constantly monitor changes in the above conditions and the subsequent impact to consumer market of our products. We will plan our product launches and promotions in accordance to such changes in the market and consumer sentiment.

The Management through analysis of performance of each outlet on a regular basis, identifies the saleable products of each outlet where emphasis is given to the importance of speed and the critical lead times in order to meet market demand and remain competitive. Communication in all areas of the business is key so that an immediate remedy is introduced for any issue identified.

The Management recognises that poor supply chain management (which includes 3PL partners) is a big risk to the survival of the Group. Besides maintaining a strong professional relationship with our existing suppliers, sourcing new suppliers that are capable of meeting our requirements such as quality workmanship and material used, production capacity and especially costing is important. This is a continuous effort by the Management where supplier performance is reviewed on a regular basis.

### Opportunities and Challenges

As we move into the new financial year, we will continue to expand whenever good opportunities present itself. Despite the economic as well as political uncertainties of recent times, we have good reasons to believe our overall business strategy has worked in putting the Group back on the path of profitability. This include maintaining our pricing, merchandising and promotional plans that are relevant to our customers.

The Group take cognizance that despite our best effort, domestic as well as global economies are likely to slip into recession as a consequence of events beyond our control. Albeit the two stimulus packages followed by multiple OPR cuts, private consumption is expected to be dampened by weak labour market conditions, mobility restrictions and subdued sentiments.

Having said that, we remain cautiously optimistic that a recovery is likely in the second half of the year. We expect basic needs such as baby products and innerwear will remain essential and quick adoption to e-commerce will help mitigate drop in sales during the year. The Group will continue to provide value-for-money products to cater to the price-sensitive customer segment. We want to be prepared to take advantage of a rebounding economy whether it is a V-shaped or U-shaped rebound and to do so, the Management will remain focused and vigilant in resolving challenges in these new normal times as well as constantly on a lookout for potential outlet expansion if the conditions are favourable.

Our strategic direction remain unchanged, while execution will be adapted to the specific consumer and market requirements. We will continue to leverage on our brand strength to build bigger market share by being relevant and innovative in our product offerings.

## COMMITMENT

The Board of Directors of **Asia Brands Berhad** are fully aware and committed to integrate our social responsibilities into our business strategies for the sustainable growth of the Group. As the Group work to increase stakeholders value through our core business, it will not neglect our responsibilities and will strive for the betterment of our employees and the community.

## MATERIALITY

Materiality, in sustainability terms, is not limited to matters that may have a significant financial impact on our Group but also includes matters that may have an effect on our ability to meet present and future needs. Our definition of materiality is drawn from the guidelines provided by Bursa Malaysia where material issues are defined as such if they:

1. Reflect an organisation's significant economic, environment, and social impacts; or
2. Substantively influence the assessment and decisions of stakeholders.

The materiality assessment will be used in the following ways:

1. To identify the sustainability issues for the Group in terms of business value, risks and opportunities.
2. To understand how sustainability and key business issues intersect
3. To plan future sustainability commitments and resource allocation
4. To support the Group's engagement with external stakeholders

The key stakeholder groups that have been identified includes our employees, shareholders, business partners, external interest groups and customers.

Our goal is to understand and address the different needs of each group in order to build a sustainable and successful business.

### EMPLOYEE

The Group recognises that employees are important asset. The Group shall continue to care for the welfare of all its employees and shall constantly upgrade the employees' skills to meet changing requirements. Constant education and guidance are given to all employees to ensure high level of job satisfaction at all levels. The investment in employee professional development is crucial to enhance overall performances.

The Group strives to maintain a safe and healthy working environment for all the employees. Medical and hospitalisation insurance are subscribed annually to cover employees' health screening and medical needs. Covid-19 preventive actions and precaution awareness were conducted through emails. The Group provided hand wash and sanitisers at strategic areas within the working premise. Mask usage and social distancing is adhered to at all times.

To ensure a balance between working hours and family time, the Group have introduced flexi working hours for employees to enjoy a healthier lifestyle.

Diversity	Malay 50%	Chinese 45%	India 5%	

In appreciation to employees contribution to the Group's performances, employees were sent to attend international trade fairs such as the Hong Kong Trade Development Council (HKTDC) Baby Products Fair and CBME (Children, Baby and Maternity Expo) in Shanghai, China for products and know how exposure.

## COMMUNITY

The Group encourages and supports employees' participation in community activities. Support given is mainly in the form of cash donation and products sponsorship by the Group to deserving welfare and charity organizations and children foundations. This year the Group sponsored T-shirts to a 3 day conference organised by Dialogue Includes Academy (DIA), celebrating diversities through building resilience where featured disabled artistes such as blind chef, Christina Ha and hearing impaired pianist, Dr. Azizah Tan shared how they worked around their weaknesses and achieved success through EQ development. The Group also contributed advertisement to S.J.K (C) Khe Beng Klang's school magazine.

The Group have been putting a lot of efforts by holding positions and contributing donation to these welfare and charity organization as part of the efforts of giving back to the society where the Group operates.

## CUSTOMER

The Group's approach to meeting customers' needs and satisfaction is driven by serving and responding to the customer efficiently as well as meeting our customers' needs. This becomes the Group's feedback to keeps us relevant to their requirements and market trends.

Our operators and promoters are trained to educate our customers about our products by providing product knowledge and sharing of information and concerns related to those products. Over the years, the Group has initiated several marketing promotions, campaigns, activities and loyalty programmes to increase our customer base and sustain the customer numbers in our outlets and retail boutiques.

## SUPPLIER

We always value and respect our business partners; our suppliers, vendors, logistic providers and retail operators who helped us to achieve our financial objective, and with an emphasis on offering safety, assurance and high quality products and services. We work closely with our business partners, and aspire for success and mutual prosperity.

One such initiative is on developing the economy of our retail business operators whom are local small and medium enterprises (SMEs) through creating a platform for their business exposure and development. The Group worked closely with ministries and government agencies, such as the SME Corporation Malaysia and Malaysia Industrial Development Finance Berhad, to support SMEs in acquiring marketing experience and exposure through promotion of the local products in marketplace.

The Group had also initiated a Vendor Management Program which consolidates all of our suppliers across major regions in the country as manufacturing and warehousing hubs to assure speed of delivery and response time to our customers within those regions.

### ENVIRONMENT

We target to work towards a more environmental friendly production processes and to achieve minimal discharge of hazardous substances, through continuous improvement of the supply chain. This means working closely with our vendor partners from design to finished products to reduce consumption and environmental impact as our effort to save both the environment and costs at the same time.

With most outlet or boutiques waste coming from product packaging, reusing or recycling pose challenges given that our outlets or boutiques are located in shopping malls and shop lots. To address this, we have implemented “no plastic bag” campaign for in-store purchases in line with the mandatory initiative from the government.

For our office building, we encourage our employees to turn off their computers, laptops and monitors if they are going to be away from their desk for a break or a long period of time. Majority of the office lightings that are not in used will also be switched off during lunch hours and past business hours. Aside from that, regular maintenance and upkeep are also conducted on all office equipment to keep them running efficiently.

### REGULATORY COMPLIANCE

The Group is committed to conducting for lawful and ethical business practices and zero tolerance for unethical or illegal conduct. To ensure our behaviour and communications are aligned, we encourage employees, suppliers and stakeholders to report any illegal or unacceptable behaviour or non-compliance with the Groups Code of Ethics and the Anti-Bribery and Anti-Corruption Policy.

Whistleblowing practice is encouraged and is open to any employees, suppliers or third-parties, with the assurance that any report will be properly investigated and treated with confidentiality.

In FYE 2020, Asia Brands was not subject to any occurrence of non compliance with any regulatory requirements.

The financial statements of the Company and Group have been drawn up in accordance with the provisions of the Companies Act 2016, Malaysia Financial Reporting Standards and International Financing Reporting Standards . The Directors take responsibility in ensuring that the financial statements give a true and fair view of the state of affairs of the Group and of the Company as at the end of each financial year, and of the results and the cash flows of the Group and the Company for that financial year then ended.

In preparing the financial statements, the Directors have ensured that:-

- the Group and the Company have adopted the appropriate accounting policies and applied them consistently;
- all statements are supported by reasonable and prudent judgements and estimates;
- all applicable accounting standards have been followed, subject to any material departure and explained in the financial statements; and
- the financial statements are prepared on a going concern basis.

The Directors are also responsible for ensuring that the Group and the Company maintain proper accounting records that disclose the financial position of the Group and of the Company with reasonable accuracy at any time, thus enabling the financial statements to be complied with the regulatory requirements.

The Directors have overall responsibilities for taking such steps that are reasonably available to them to safeguard the assets of the Group and of the Company, and to prevent and detect fraud and other irregularities. Such systems, by their nature, can only provide reasonable and not absolute assurance against material misstatement, loss or fraud.

## INTRODUCTION

The Board of Directors of Asia Brands Berhad (“**ABB**” or “**Company**”)(“**Board**”) is committed to uphold the high standards of corporate governance in conducting the affairs of the Company and its subsidiaries (“**Group**”) in discharging its responsibilities with integrity, transparency and professionalism as a fundamental part to protect and enhance long-term shareholders value.

The Board is committed to ensure that the applicable principles and recommendations as prescribed in the Malaysian Code on Corporate Governance (“**MCCG**”) are applied throughout the Group so as to protect and enhance long-term shareholders’ value and all stakeholders’ interest.

This Corporate Governance Overview Statement (“**Statement**”) discloses and affirms the manner and the extent in which the Group has applied the principles and complied with the recommendations set out in the MCCG throughout the financial year ended 31 March 2020 (“FY2020”). The detailed explanation on the application of the corporate governance practices are reported under Corporate Governance Report which is published on the website of Bursa Malaysia Securities Berhad (“**Bursa Securities**”) at <http://www.bursamalaysia.com/market> and the Company’s website at [www.asiabrand.com.my](http://www.asiabrand.com.my).

This Statement also serves as compliance with paragraph 15.25 of the Main Market Listing Requirements (“**Main LR**”) of Bursa Securities.

In general, the Group has complied with all material aspects of the principles set out in the MCCG throughout FY2020 to achieve the intended outcome. The following are the 4 recommended practices which the Company has not applied:

- Practice 4.1 – The Board comprises a majority of independent directors.
- Practice 4.5 – The Board must have at least 30% women directors.
- Practice 11.2 – Adoption of integrated reporting based on a globally recognised framework.
- Practice 12.3 – Leveraging on technology to facilitate voting in absentia and remote shareholders’ participation at general meetings.

## PRINCIPLE A: BOARD LEADERSHIP AND EFFECTIVENESS

### (I) BOARD RESPONSIBILITIES

#### 1. Board’s Responsibilities in Meeting Objectives and Goals

##### 1.1 The Board

The Board is responsible for the stewardship of business and affairs of the Company in order to enhance long-term shareholders’ value. The Board is fully aware and understand their collective responsibilities in guiding the business activities of the Group in reaching an optimum balance of a sound and sustainable business operation with an optimal corporate governance framework in order to safeguard shareholders’ value.

The Executive Directors of the Group are directly responsible for the day-to-day management of the business and operations, for procuring new business and for the commercial and corporate performance of the Company within the parameters of good governance. Non-Executive Directors play a vital check and balance role by challenging and scrutinising Management recommendations and proposals in an objective manner and bringing independent judgement to the decision-making process at the Board and Board Committee levels.

Reserved matters for Board’s decision making includes strategic issues and planning, significant acquisition and disposal, dividend policy, risk management, significant property transactions, review of the financial statements, ensuring regulatory compliance and reviewing the adequacy and integrity of internal controls.

The Board is also responsible for establishing the Group’s goals and strategic directions, setting goals and targets for Management and monitoring the achievement of goals and targets. The Board also oversees the process of evaluating the adequacy and effectiveness of the system of internal controls and risk management processes.

Any member of the Board may request for independent professional advice in the discharge of his/her fiduciary duties by forwarding a request to the Group Managing Director who will then direct the same to an external service provider. The expenses incurred in this connection shall be borne by the Company.

All the Directors of the Company had objectively discharged their duties and responsibilities at all times as fiduciaries in the best interests of the Company. During FY2020, the Directors attended the following training, briefing and workshop programmes:-

Directors	Seminars/Briefing/Workshop attended
Dato’ Sri Tan Thian Poh	• MFRS 16 Seminar – Implementation
Ng Chin Huat	• MFRS 16 Seminar – Implementation
Kong Sau Kian	• MFRS 16 Seminar – Implementation
Lim Kim Meng	• MFRS 16 Seminar – Implementation • Understanding Section 17A of the MACC Act 2020.

In addition, the Company Secretary and external auditors update the Board on a regular basis on the respective changes and amendments to regulatory requirements and laws and accounting standards to assist Directors to keep them abreast of such latest changes in the regulatory requirements.

**PRINCIPLE A: BOARD LEADERSHIP AND EFFECTIVENESS (cont'd)****(I) BOARD RESPONSIBILITIES (cont'd)****1. Board's Responsibilities in Meeting Objectives and Goals (cont'd)****1.2 Chairman of the Board**

The Chairman is responsible for:-

- Leadership of the Board;
- Overseeing the effective discharge of the Board's supervisory role;
- Facilitating the effective contribution of all Directors;
- Conducting Board meetings;
- Briefing all the Directors in relation to issues arising at meetings;
- Scheduling regular and effective evaluations of the Board's performance;
- Promoting constructive and respectful relations between Board members and between the Board and the Management;
- Representing the Board to shareholders;
- Ensuring the integrity and effectiveness of the governance process of the Board; and
- Maintaining regular dialogue with the Board over all operational matters and consulting with the Board promptly over any matter that gives him or her cause for concern

**1.3 Roles of the Chairman and the Group Managing Director**

The position of the Chairman and the Group Managing Director are held by two (2) different individuals. There is a clear division of responsibilities between the Chairman and the Group Managing Director to ensure that the Board remains balanced at all times.

The Chairman acts as the leader of the Board and is responsible for overseeing the effective discharge of the Board's supervisory role and facilitating the effective contribution of all Directors while the Group Managing Director focuses on the business and day-to-day management of the Company with all powers and discretion vested in him, from time to time, by the Board.

**1.4 Company Secretary**

The Board is supported by a suitable qualified and competent Company Secretary who is a qualified Chartered Secretary under Section 235(2)(a) of the Companies Act 2016 and is an Associate member of the Malaysian Institute of Chartered Secretaries and Administrators.

Every Director has ready and unrestricted access to the advice and services of the Company Secretary in ensuring the effective functioning of the Board. The Directors are regularly updated and advised by the Company Secretary on new statutory and regulatory requirements issued by regulatory authorities, and its implications to the Company and the Directors in relation to their duties and responsibilities.

During FY2020, the Company Secretary had discharged her duties and responsibilities accordingly, and will continue to constantly keep herself abreast on matters concerning company law, the capital market, corporate governance, and other pertinent matters, and with changes in the regulatory environment through continuous training and industry updates.

The Board is satisfied with the performance and support rendered by the Company Secretary in discharging her functions and duties.

**1.5 Meetings of Board/ Board Committee**

Relevant Board papers were disseminated to all the Directors at least five (5) business days in advance of the meeting so as to accord sufficient time for the Directors to peruse the Board papers and to seek any clarification or further details that they may need from the Management or the Company, or to consult independent advisers, if they deemed necessary. As part of the integrated risk management initiatives, the Board also noted the decisions and salient issues deliberated by Board Committees through minutes of these committees. Board meetings are conducted in accordance to a structured agenda.

Senior Management were invited to attend Board meetings to provide their views and explanation on certain items on the agenda being tabled to the Board and to furnish clarification on issues that may be raised by the Directors.

## PRINCIPLE A: BOARD LEADERSHIP AND EFFECTIVENESS (cont'd)

### (I) BOARD RESPONSIBILITIES (cont'd)

#### 1. Board's Responsibilities in Meeting Objectives and Goals (cont'd)

##### 1.5 Meetings of Board/ Board Committee (cont'd)

Minutes of the meetings are properly recorded and accurately reflect the deliberations and decisions of the Board, including whether any director abstained from voting or deliberating on a particular matter.

To facilitate the Directors' time planning, an annual meeting calendar which provides the scheduled dates for meetings of the Board and Board Committees as well as the annual general meeting is prepared and circulated to the Board before the beginning of every financial year. Additional meetings are convened when urgent and important decisions need to be made between scheduled meetings. This is to ensure that the Directors allocate sufficient time to discharge their duties effectively.

The Board meets at least four (4) times a year at quarterly intervals with additional Board meetings convened when necessary. Sufficient notice periods are given to the Board prior to each meeting. During the financial year under review, the Board convened four (4) meetings and the attendance of the Directors are as follows:-

Directors	No. of Meetings attended
Dato' Sri Tan Thian Poh	4/4
Ng Chin Huat	4/4
Kong Sau Kian	4/4
Lim Kim Meng	4/4

All the Directors complied with the minimum 50% attendance requirement in respect of Board meetings held during FY2020 as stipulated under Paragraph 15.05 of the Main LR of Bursa Securities.

#### 2. Demarcation of Responsibilities

##### 2.1 Board Charter

The Board has a Board Charter, which includes a formal schedule of matters reserved for the Board. The said schedule details the responsibilities of the Board and Board-Management relationship, including management limitations. With this, the respective functions, roles and responsibilities of the Directors and Management are clearly set out in the Board Charter as guidance and clarity to enable them to effectively discharge their duties.

The Board Charter entails the following:-

- Roles and responsibilities of the Board;
- Delegation to Committees;
- Process and procedure for Board meetings;
- Board and Committees member assessment;
- Communication between Board and shareholders;
- Management of risk; and
- Structure.

The Board Charter is subject to periodic review and can be accessed via the Company's website at [www.asiabrand.com.my](http://www.asiabrand.com.my).

#### 3. Good Business Conduct and Healthy Corporate Culture

##### 3.1 Code of Conduct and Ethics

The Directors observe the Company Directors' Code of Ethics promulgated by the Companies Commission of Malaysia, which governs the underlying core ethical values and commitment to lay standards of integrity, transparency, accountability and corporate social responsibility to be followed by the Directors in their business dealings.

The Board will periodically review and reassess the adequacy of the Code, and make such amendments to the Code as the Board may deem appropriate. The Code is available at the Company's website at [www.asiabrand.com.my](http://www.asiabrand.com.my).

**PRINCIPLE A: BOARD LEADERSHIP AND EFFECTIVENESS (cont'd)****(I) BOARD RESPONSIBILITIES (cont'd)****3. Good Business Conduct and Healthy Corporate Culture (cont'd)****3.2 Whistleblowing**

The Board had established and adopted a Whistleblowing Policy that provides employees with proper reporting channels and guidance to disclose any wrongdoing or improper conduct relating to malpractices, unlawful conducts, any violation of established written policies.

The Whistleblowing Policy is also to ensure that fair treatment is provided to both the whistle-blower and the alleged wrongdoer when a disclosure of improper conduct is made. A disclosure of improper conduct can be made in verbal or in writing.

The implementation of the policy enables better transparency and accessibility to our stakeholders to report any misconduct that may occur within the Group.

**3.3 Anti-Bribery and Anti-Corruption Policy**

The Group has established an Anti-Bribery and Anti-Corruption Policy which prohibits all forms of bribery and corruption practices.

The Group adopts a zero-tolerance approach to bribery and corruption in all its forms. It is committed to conducting business free from any acts of bribery or corruption in upholding high standards of ethics and integrity.

**(II) BOARD COMPOSITION****4. Objectivity of the Board's Decisions****4.1 Board Composition**

The current Board comprises four (4) Directors, out of which, one (1) Executive Director, one (1) Non-Independent Non-Executive Director, one (1) Senior Independent Non-Executive Director and one (1) Independent Non-Executive Director.

The profiles of the Directors are set out in this Annual Report.

The Company has not been able to apply Practices 4.1 and 4.5 of the MCCG as the Board is of the view that application of both these Practices will require some time. Although less than half of the Board comprises independent directors, however, the Company fulfills the requirement of at least one-third (1/3) of the Board comprises independent directors as stipulated under paragraph 15.02(1) of the Main LR. The Board believes that its current structure is able to discharge the Board's priorities objectively with the balance of power and authority on the Board.

The Board is chaired by a Non-Independent Non-Executive Director. The Non-Executive Directors are independent of management and have no relationships that could materially interfere with the exercise of their independent judgment. Together, the Directors have wide range of experience in business, corporate, banking and financial experience.

The Board is of the opinion that the composition of the current Board has the required mix of skills and experience required to discharge the Board's duties and responsibilities. Collectively, the Directors combine their diverse commercial, regulatory, industry and financial experience to add value to the Board as a whole.

The Board is free to discuss all matters regarding the affairs of the Group, without any restrictions or limitations being imposed on any Director. Where matters discussed involve the interest of the Chairman, he shall state his interest and shall refrain from discussions and decision-making.

No individual or a company of individuals dominates the Board's decision making.

### PRINCIPLE A: BOARD LEADERSHIP AND EFFECTIVENESS (cont'd)

#### (II) BOARD COMPOSITION (cont'd)

##### 4. Objectivity of the Board's Decisions (cont'd)

###### 4.1 Board Composition (cont'd)

All the Directors have an equal responsibility for the Group's operations and corporate accountability. The Independent Non-Executive Directors play a vital supporting role by contributing their knowledge and experience towards the development of the Group's objectives. They also provide a broader and independent view in the decision-making process.

To assist the Board in carrying out its duties and responsibilities, the Board has established the following Board Committees, each with clearly defined Terms of Reference in order to enhance corporate efficiency and effectiveness:-

- (i) Audit and Risk Management Committee; and
- (ii) Nomination and Remuneration Committee ("NRC").

###### 4.2 Tenure of Independent Directors

The NRC assesses the independence of the Independent Directors and monitors their tenure annually.

Presently, both Mr. Kong Sau Kian and Mr. Lim Kim Meng are the Independent Non-Executive Directors of the Company who served the Board for a cumulative term of nine (9) years.

The retention of Mr. Kong Sau Kian and Mr. Lim Kim Meng as Independent Non-Executive Directors of the Company shall be tabled to the shareholders for approval at the forthcoming Annual General Meeting of the Company.

The NRC and the Board of the Company have assessed the independence of Mr. Kong Sau Kian and Mr. Lim Kim Meng, and have recommended that they are to be retained as Independent Directors of the Company as they continue to bring independent and objective judgement to Board deliberations and continue to meet the following criteria for independence in discharging their roles and functions as Independent Directors of the Company:-

- fulfilled the criteria under the definition of Independent Director pursuant to the Paragraph 1.01 of the Main LR;
- not been involved in any business or other relationship which could hinder the exercise of independent judgement, objectivity or his ability to act in the best interests of the Company;
- no potential conflict of interest, whether business or non-business related with the Company;
- not established or maintained any significant personal or social relationship, whether direct or indirect, with the Group Managing Director, major shareholders or Management of the Company (including their family members) other than normal engagements and interactions on a professional level consistent with his duties and expected of him to carry out his duties as an independent director; and
- not derived any remuneration and other benefits apart from Directors' fees that are approved by shareholders.

###### 4.3 Appointment of Board and Senior Management

The NRC is responsible for the nomination and election process of new Directors and to evaluate the balance of skills, knowledge, experience and diversity on the Board, and, in light of this evaluation, prepares a description of the role and capabilities required for a particular appointment. In identifying suitable candidates, the NRC shall:-

- (i) consider candidates from a wide range of backgrounds;
- (ii) consider candidates on merit, against objective criteria with due regard for the benefits of diversity on the Board, including gender; and
- (iii) ensure that once appointed, appointees have enough time available to devote to the position of director.

For the appointment of a Chairman, the NRC shall consider the expected time commitment. A proposed Chairman's other significant commitments should also be disclosed to the Board before the appointment, and any changes thereto should be reported to the Board.

Prior to the appointment of a director, the proposed appointee shall be required to disclose any other business interests that may result in a conflict of interest in relation to the Company, and shall be required to report any future business interests which may develop post-appointment, that could result in a conflict of interest.

During FY2020, the Board has taken into account the assessment by the NRC and is satisfied with the mix of skills and board composition level, therefore, no new Director is sourced and appointed to the Board.

In the event that a candidate is required for the appointment of director, the NRC will use variety of approaches and sources to ensure that it identifies that most suitable candidates and will not limit themselves solely on the recommendations from existing Board members, management or major shareholders.

**PRINCIPLE A: BOARD LEADERSHIP AND EFFECTIVENESS (cont'd)****(II) BOARD COMPOSITION (cont'd)****4. Objectivity of the Board's Decisions (cont'd)****4.4 Board Diversity**

The Board acknowledges the recommendation of the MCCG in relation to the establishment of board room gender diversity policy. However, in the process of selection of Board members, the Company practices non-discrimination in any form, whether based on gender, age, ethnicity or religion as all candidates shall be given fair and square opportunity.

When the need arises, the Board would give more weightage on the appointment of female Directors and senior management.

**4.5 Nomination and Remuneration Committee ("NRC")**

The NRC comprises three (3) Directors, the majority of whom are Independent Non-Executive Directors of the Company. The members of the NRC are as follows:

Name	Directorship	Designation
Lim Kim Meng	Independent Non-Executive Director	Chairman
Kong Sau Kian	Senior Independent Non-Executive Director	Member
Dato' Sri Tan Thian Poh	Non-Independent Non-Executive Director	Member

The principal objectives of the NRC are:-

- (i) to assist the Board to nominate new nominees to the Board;
- (ii) to assist the Board to oversee the selection and assess the performance of the Directors of the Company on an on-going basis; and
- (iii) to assist the Board to assess the remuneration packages of the Group Chief Executive Officer.

The NRC also oversees matters relating to the nomination of new Directors, annually reviews the required mix of skills, experience, independence assessment of Independent Directors, reviews succession plans and boardroom diversity; oversees training courses for directors and other requisite qualities of Directors, as well as the annual assessment of the effectiveness of the Board as a whole, its Committees and the contribution of each individual Director.

**Authority, duties and responsibilities of the NRC**

The NRC is governed by its terms of reference ("TOR") which is available on the Company's website at [www.asiabrand.com.my](http://www.asiabrand.com.my).

**Summary of Activities of the NRC**

During FY2020, the main activities carried out by the NRC included the following:-

- (i) Recommended the re-election of retiring Director and retention of Independent Directors at the forthcoming annual general meeting.
- (ii) Evaluated the effectiveness of the Board as a whole and of the Board Committees and the contribution and performance of each individual Director and key officers.
- (iii) Reviewed the terms of office of ARMC.
- (iv) Reviewed the overall composition of the Board.
- (v) Reviewed the overall composition of the Board.
- (vi) Reviewed the independence of the Independent Directors and assessed their ability according to the following criteria:-
  - the Independent Directors fulfil the definition of an independent director as set out under Paragraph 1.01 of Main LR of Bursa Securities.
  - the Independent Directors are able to exercise independent judgement and act in the best interest of the Company.
  - there must be no potential conflict of interest that the Independent Directors could have with the Company as they had not entered into any contract or transaction with the Company and/or its subsidiaries within the scope and meaning as set forth under Paragraph 5 of Practice Note 13 of the Main LR of Bursa Securities.
  - the Independent Directors have not developed, established or maintained any significant personal or social relationship, whether direct or indirect, with the Non-Executive Chairman and Group Managing Directors, major shareholders or Management of the Company (including their family members) other than normal engagements and interactions on a professional level consistent with their duties and expected of them to carry out their duties as an Independent Director.
  - the Independent Directors do not derive any remuneration and benefits apart from Directors' fees and meeting allowances.

### PRINCIPLE A: BOARD LEADERSHIP AND EFFECTIVENESS (cont'd)

#### (II) BOARD COMPOSITION (cont'd)

##### 5. Overall Effectiveness of the Board (cont'd)

###### 5.1 Annual Evaluation of the Board

The NRC conducted an annual assessment of the Board's effectiveness as a whole and the contribution of each individual Directors in respect of FY2020 using customised questionnaires to be completed by the Directors. The results of the self-assessment by Directors and the Board's effectiveness as a whole were tabled to the NRC and the Board for review.

The criteria for Director's evaluation cover areas such as contributions to interaction, roles and responsibilities and quality of input to enhance the Board's effectiveness. For Board and Board Committee assessment, the criteria include board structure and operations, their roles and responsibilities, succession planning and board governance.

The Board studied the results of evaluation and is generally satisfied with its current size, composition as well as the mix of skill sets and the independence of its Independent Non-Executive Directors.

The Board has also assessed the independence of the Independent Non-Executive Directors, taking into account the individual Director's ability to exercise independent judgment at all times and their contribution to the effective functioning of the Board, and is satisfied with the level of independence demonstrated by all the Independent Non-Executive Directors and their ability to act in the best interest of the Company.

Based on the assessment carried out for FY2020, the Board is satisfied with the level on independence demonstrated by all the Independent Directors and their ability to act in the best interests of the Company.

The Independent Directors are not employees and they do not participate in the day-to-day management of the Group. They bring an external perspective, constructively challenge and help to develop proposals on strategy, scrutinise the performance of Management in meeting approved goals and objectives and monitor the risk profile of the Company's business and the reporting of quarterly business performance.

#### (III) REMUNERATION

##### 6. Remuneration of Directors and Senior Management

###### 6.1 Remuneration Policy

The Board has a formal procedure to determine the remuneration of each Director which is reviewed from time to time against market practices. The Board ensures that the level of remuneration is sufficient to attract and retain Directors needed to run the Group successfully. The component part of remuneration has been structured to link rewards to corporate and individual performance for the Group Chief Executive Officer whilst Non-Executive Directors' remuneration reflects their experience and level of responsibilities.

###### 6.2 NRC

The NRC also recommends to the Board, the policy framework and remuneration and benefits extended to the Group Managing Director. Non-Executive Directors' remuneration is a matter to be decided by the Board as a whole, with the Directors concerned abstaining from deliberation and voting in respect of their remuneration.

The Terms of Reference of the NRC is available at the Company's website at [www.asiabrand.com.my](http://www.asiabrand.com.my).

## PRINCIPLE A: BOARD LEADERSHIP AND EFFECTIVENESS (cont'd)

## (III) REMUNERATION (cont'd)

## 6. Remuneration of Directors and Senior Management (cont'd)

## 6.3 Remuneration of Directors

The details of the remuneration package for the Group Managing Director and Directors' fees for the Non-Executive Directors during FY2020 are as follows:

Received from the Company

	Director's fees/ Meeting Allowance (RM)	Salary and Bonus (RM)	Other emoluments (RM)	Total (RM)
<b>Group Managing Director</b>				
Ng Chin Huat	48,000.00	–	–	48,000.00

## 6.4 Remuneration of Senior Management

Apart from the remuneration of the Group Managing Director above, the remuneration for the remaining three (3) senior management are as follows:-

Range of Remuneration (RM)	Number of Senior Management
120,000 to 180,000	1
180,001 to 360,000	2
Above 360,000	–
<b>Total</b>	<b>3</b>

The Board opined that such disclosure of the key senior management's remuneration on a named basis would have adverse effect on the Company's talent retention in the competitive industry. All senior management's remuneration packages are based on their scope of duty and responsibilities.

The NRC is of the view that the level of remuneration package of the senior management in respect of FY2020 is fair and reasonable to retain and reward the talents.

### PRINCIPLE B: EFFECTIVE AUDIT AND RISK MANAGEMENT

#### (I) AUDIT AND RISK MANAGEMENT COMMITTEE

##### 7. Effective and Independent ARMC

###### 7.1 ARMC and the Board are chaired by different individuals

The ARMC is chaired by Mr. Kong Sau Kian while the Chairman of the Board is Dato' Sri Tan Thian Poh.

###### 7.2 Cooling-off Period of at least two (2) years for former Key Audit Partner

None of the ARMC members were former key audit partners within the cooling-off period of at least (2) two years before being appointed as a member of the ARMC.

###### 7.3 Assessment of External Auditors

The ARMC does not have a specific policies and procedures to assess the suitability, objectivity and independence of the external auditor.

However, the ARMC undertakes an annual assessment of the suitability and independence of the external auditors. The ARMC meets with the external auditors to discuss their audit plan, audit findings and the Company's financial statements.

The ARMC noted for FY2020, REANDA LLKG International, the external auditors of the Company and of the Group, have provided their written assurance that they are, and have been, independent through the conduct of the audit engagement in accordance with the By-Laws (on Professional Ethics, Conduct and Practice) of the Malaysian Institute of Accountants and the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants.

Upon completion of the assessment, the ARMC was satisfied with REANDA LLKG International's technical competency in terms of suitability and independence during the financial year under review.

###### 7.4 Financial Literacy of ARMC Members

In compliance with Practice 8.5 of the MCCG, the ARMC members possess a wide range of necessary skills and are financially literate. Their profiles are set out in the Profile of Directors Section of this Annual Report.

#### (II) RISK MANAGEMENT AND INTERNAL CONTROL FRAMEWORK

##### 8.1 Risk Management and Internal Control

The Board has established a risk management framework that outlines the Group's risk management system, defines Management's responsibilities and sets out the risk appetite and risk tolerance of the Group. Details of the framework are set out in the Statement of Risk Management and Internal Control in this Annual Report.

The Board has delegated the overall responsibility for reviewing and monitoring the adequacy and integrity of the Group's risk management and internal control framework to the ARMC. The ARMC is supported by the Risk Management Committee ("the RMC") and the Internal Audit Department.

The RMC assists the ARMC to identify, assess, mitigate and monitor critical risks highlighted by business units and implement risk management policies and strategies approved by the Board. The Internal Audit Department, which undertakes the internal audit function, assists the ARMC to review, evaluate and monitor the effectiveness of the Group's governance, risk management and internal control processes.

The risk management framework is regularly reviewed by the Management and relevant recommendations are made to the ARMC and Board for approval.

The internal controls are tested for effectiveness and efficiency in two (2) cycles per financial year by the Internal Audit Department following risk-based approaches.

The Board reviewed the effectiveness of the Group's risk management and internal controls during FY2020 and confirmed that there was an ongoing process for identifying, evaluating and managing the significant risks faced by the Group during FY2020.

**PRINCIPLE B: EFFECTIVE AUDIT AND RISK MANAGEMENT (cont'd)****(II) RISK MANAGEMENT AND INTERNAL CONTROL FRAMEWORK (cont'd)****9. Effective Governance, Risk Management and Internal Control Framework****9.1 Internal Audit Function**

The Directors acknowledged their responsibility in maintaining a reasonable sound system of internal controls covering financial, operational and compliance and risk management. This system is designed to manage, rather than eliminate, the risk of failure to achieve the Group's corporate objectives, as well as to safeguard shareholders' investments and the Group's assets. The Board seeks regular assurance on the continuity and effectiveness of the internal control system through independent review by the internal and external auditors.

The internal audit function is independent of the operations of the Group and provides reasonable assurance that the Group's system of internal control is satisfactory and operating effectively. The internal auditors adopt a risk-based approach towards the planning and conduct of audits, which are consistent with the Group's framework in designing, implementing and monitoring its internal control system. An Internal Audit Planning Memorandum, setting out the internal audit work expected to be carried out is tabled to the ARMC.

The Group's Statement on Risk Management and Internal Control is disclosed in this Annual Report.

**PRINCIPLE C: INTEGRITY IN CORPORATE REPORTING AND MEANINGFUL RELATIONSHIP WITH STAKEHOLDERS****(I) COMMUNICATION WITH STAKEHOLDERS****10. Continuous Communication between the Company and Stakeholders****10.1 Effective, Transparent and Regular Communication****10.1.1 Dialogue between Companies and Investors**

The Board recognises the importance of timely dissemination of information to shareholders and other interested parties to ensure that they are well informed of all major developments of the Group. Such information is communicated through various disclosures and announcements to Bursa Securities, including the quarterly financial results, annual reports and where appropriate, circulars and press releases. This information can be assessed from the website of Bursa Securities at "[www.bursamalaysia.com.my](http://www.bursamalaysia.com.my)". In addition, interviews conducted from time to time by local journalists with the management of the Group are reported in the local newspapers and information on the Group and its business activities is available at the company's website at [www.asiabrand.com.my](http://www.asiabrand.com.my).

The Company's website incorporates an Investor Relations section which provides all relevant information on the Company and is accessible by the public. This Investor Relations section enhances the Investor Relations function by including analyst reports, all announcements made by the Company, annual reports as well as the corporate and governance structure of the Company.

**10.1.2 Shareholder Communication Policy**

The Board has put in place a Shareholder Communication Policy to facilitate the effective exercise of those rights by ensuring that the Company communicates effectively with its shareholders.

This Policy aims to promote effective communication with shareholders and encourage effective participation by shareholders at the Company's general meetings. To ensure a high quality of communication and level of clarity with all investors and other stakeholders, whilst complying with its statutory disclosure obligations, the Company endeavors to provide shareholders with ready and widespread access on a timely basis to matters that affect their investment in the Company; communicate in a clear, accurate and easy to understand manner with investors and other stakeholders.

### PRINCIPLE C: INTEGRITY IN CORPORATE REPORTING AND MEANINGFUL RELATIONSHIP WITH STAKEHOLDERS (cont'd)

#### (I) COMMUNICATION WITH STAKEHOLDERS (cont'd)

##### 10. Continuous Communication between the Company and Stakeholders (cont'd)

##### 10.1 Effective, Transparent and Regular Communication (cont'd)

##### 10.1.2 Shareholder Communication Policy (cont'd)

The communication channels for shareholders are as follows:-

(i) Corporate Website

The Company believes that communicating with shareholders by electronic means, particularly through its website, is an efficient way of distributing information in a timely and convenient manner. The Company's website ([www.asiabrand.com.my](http://www.asiabrand.com.my)) has a dedicated "Investor Relations" section which carries information available to the shareholders.

The Company will leverage on technology to broaden its channel of dissemination of information and to enhance the quality of engagement with the shareholders.

(ii) Shareholders' Meeting

Annual general meetings and extraordinary general meetings of the Company are ideal opportunities to communicate with shareholders. Shareholders are encouraged to participate in general meetings.

(iii) Shareholders' Enquiries

Shareholders and investors may at any time request for the Company's public information. The Company provides a designated email address ([info@asiabrand.com.my](mailto:info@asiabrand.com.my)) for shareholders to make any enquiry.

(iv) Annual Reports

Annual Report remains a major channel of communication disclosing information not only on the Group's businesses, financials but also additional information such as the Company's mission and vision, operational performance, outlook and senior management team. The Board constantly improves the contents of the Annual Report to incorporate developments among others, in corporate governance and reports of Board Committees and ensure accuracy of the information as the Annual Report is a vital and convenience source of essential information for investors, shareholders and other stakeholders.

The Company aims to adopt integrated reporting based on the globally recognised framework in future in stages.

The Shareholders Communication Policy will be reviewed regularly by management to ensure that it reflects current regulatory, community and investor requirements.

**PRINCIPLE C: INTEGRITY IN CORPORATE REPORTING AND MEANINGFUL RELATIONSHIP WITH STAKEHOLDERS (cont'd)****(II) CONDUCT OF GENERAL MEETINGS****11. Shareholders' Participation at General Meetings****11.1 Annual General Meeting ("AGM")**

The main forum of dialogue with shareholders of the Company is the Company's AGM. The AGM represents the primary platform for direct two-way interactions between shareholders, Directors and senior management of the Company.

In compliance with Practice 12.1 of the MCCG, the Company gives its shareholders at least 28 days' notice prior to the AGM, so as to give sufficient time to shareholders to consider the resolutions that will be discussed and decided at the AGM. The notice of AGM also provides detailed explanation for each resolution proposed to enable shareholders to make informed decisions in exercising their voting rights.

In line with the Main LR, the Company had implemented poll voting for all the resolutions set out in the notices of general meetings. An independent scrutineer is appointed to observe the polling process and to tabulate the polling results.

The Company has not adopted, but will continue to explore, the practice of using technology to enable voting in absentia and remote shareholder participation at shareholders' meetings.

**11.2 Attendance of Directors at General Meetings**

All Directors and the external auditors are expected to attend all shareholders' meetings to take questions raised by shareholders.

This Corporate Governance Overview Statement is made in accordance with a resolution of the Board dated 15 July 2020.

**TRAINING**

Details of training programmes and seminars attended by each ARMC member during FY2020 are set out in this Annual Report.

### INTERNAL AUDIT FUNCTION

The ARMC is aware that an adequately resourced internal audit function is essential to provide independent and objective advice on the effectiveness of the Group's internal controls to the ARMC and thereafter, to the Management.

The Group's internal audit function was performed in-house by the Internal Audit Department, which reports directly to the ARMC, and assists the ARMC in monitoring and evaluating the adequacy, efficiency and effectiveness of the risk management, the Group's internal control and governance processes in anticipating key business process exposure to risk.

During FY2020, the ARMC carried out its annual evaluation of the work of the Internal Audit Department and was satisfied with the overall performance of the Internal Audit Department.

A summary of work of the internal audit function for FY2020 are as follows:-

- Assessed and evaluated the adequacy of the risk management practices, operational controls, compliance with regulatory requirements, Management efficiency to ensure that the internal control system is sound and satisfactory.
- Carried out audits in accordance with the internal audit plan approved by the ARMC and other significant areas recommended by the Management to the ARMC.
- Ensured that those weaknesses were appropriately addressed and that recommendations from the internal audit reports and correction actions on reported weaknesses were taken appropriately within the timeframe by the Management.
- Presented the audit findings and corrective action to be taken by Management in the ARMC meetings.
- Reviewed RRPTs on a quarterly basis in accordance with the guidelines set out in the Circular to Shareholders for RRPTs of a revenue or trading nature.

The costs incurred for the internal audit function in respect of the financial year ended 31 March 2020 including staff costs and overheads amounted to RM10,000/-, which was the same as the previous financial year.

This report is made in accordance with a resolution of the Board dated 15 July 2020.

The Board of Directors of Asia Brands Berhad ("**Board**") is pleased to present its Statement on Risk Management and Internal Control ("**Statement**") for the financial year ended 31 March 2020 ("**FY2020**"). The disclosure in this Statement is presented pursuant to paragraph 15.26(b) of the Main Market Listing Requirements of Bursa Malaysia Securities Berhad and guided by the Statement on Risk Management and Internal Control: Guidelines for Directors of Public Listed Issuers. This Statement outlines the nature and state of risk management and internal controls of the Group (comprising the Company and its subsidiary companies) during the FY2020.

### BOARD'S RESPONSIBILITIES

The Board acknowledges its responsibility for maintaining a sound risk management framework and internal control system to safeguard shareholders' investments and the Group's assets, in addition to setting the quality at the top and a culture towards effective risk management and internal control. For these reasons, the Board strives to apply a risk-sensitive approach in identifying, evaluating and managing significant risks that may affect the Group's businesses. The Group's internal control system encompasses all types of control including those of a strategic, operational, reporting and compliance nature, and it is being closely monitored and adjusted to be consistent with the risk appetite and tolerance levels set by the Board.

There is an ongoing process for identifying, evaluating and managing the significant risks faced by the Group in its achievement of objectives and strategies. The process has been in place during the year and is subject to regular review by the Board. Due to inherent limitations in any system of risk management and internal control, the Board recognizes that such systems are designed to provide reasonable but not absolute assurance against material misstatement, loss or fraud, as the system is designed to manage rather than eliminate all the risks that may hinder the Group from achieving its business objectives.

The Board performs annual reviews to assess the adequacy and effectiveness of the risk management and internal control systems. In acknowledging that having a sound risk management and internal control system is imperative, the Board has established a governance structure that ensures effective oversight of risks and internal controls within the Group at all levels. The Audit and Risk Management Committee, which is empowered by its terms of reference, is to ensure that there is independent oversight of internal control and risk management. However, the Board remains responsible for the governance of risk and for all the actions of the Board Committees with regard to the execution of delegated oversight responsibilities.

The management assists the Board in implementing the Group's approved policies and procedures on risk and control by identifying, evaluating, measuring, monitoring and reporting risks as well as the effectiveness of the internal control systems, taking appropriate and timely remedial actions as required. The management also assists in embedding risk management and internal control system in all aspects of the Group's activities.

### RISK MANAGEMENT FRAMEWORK

The Group has in place a risk management process to identify, evaluate and manage significant risks impacting the Group. The process is supported by procedures, methodologies and evaluation criteria to ensure clarity and consistency of application across the Group. The Board has delegated its authority to the Risk Management Committee (RMC) to formulate, review and determine the level of risk tolerance.

The process requires management to comprehensively identify and assess all types of risks in terms of likelihood, velocity and magnitude of impact as well as to identify and evaluate the adequacy and application of mechanisms in place to manage, mitigate, avoid or eliminate these risks. The process encompasses assessments and evaluations at business unit process level before being examined on a Group perspective.

A briefing is presented to the Audit and Risk Management Committee on the significant risks impacting the Group and the measures taken by the RMC and management to address and manage such risks. It also highlights residual exposures along with an appropriate management action plan to manage or mitigate such exposures. Any internal or external changes that may significantly impact the risks and controls spectrum is also highlighted.

The Board annually reviews and discussed with RMC and management at Board meetings, the potential risk and risk tolerance. The Board recognizes the importance of risk management, as such the control processes are reviewed by the RMC on an ongoing basis for identification and mitigation of the major risks within the Group.

## Statement On Risk Management And Internal Control (Cont'd)

The risk governance and risk management processes are represented below:

### Risk Management Profile

The risk profile is expressed via limits on quantitative metrics and qualitative indicators that measure the exposure by type of risk, portfolio and business segment, in both current and stressed conditions. These metric limits are articulated in the following three (3) large areas that define the positioning of which management is required to adopt or maintain in the operation of its business:

- The minimum liquidity position that the Group wants to have.
- The collection or credit position that the Group wants to maintain.
- The maximum levels of supply chain that the Group considers reasonable to accept.

The Group risk management policy is to ensure that adequate financial and non-financial resources are available for the development of the Group's operation whilst managing its financial risks, including interest rate risk, credit risk, liquidity risk and cash flow risk. The Group operates within clearly defined guidelines that are approved by the Board and the Group policy is not to engage in speculative transactions.

### Liquidity Risk Management

Liquidity risk refers to the risk that the Group will encounter difficulty in meeting its financial obligation as they fall due. The Group's exposure to liquidity risk arises primarily from the mismatches of the maturities of financial assets and liabilities.

The Group's funding requirement and liquidity risks are managed with the objectives of meeting business obligations on a timely basis. The Group finances its liquidity through internally generated cash flows and minimizes liquidity risk by keeping committed credit lines available.

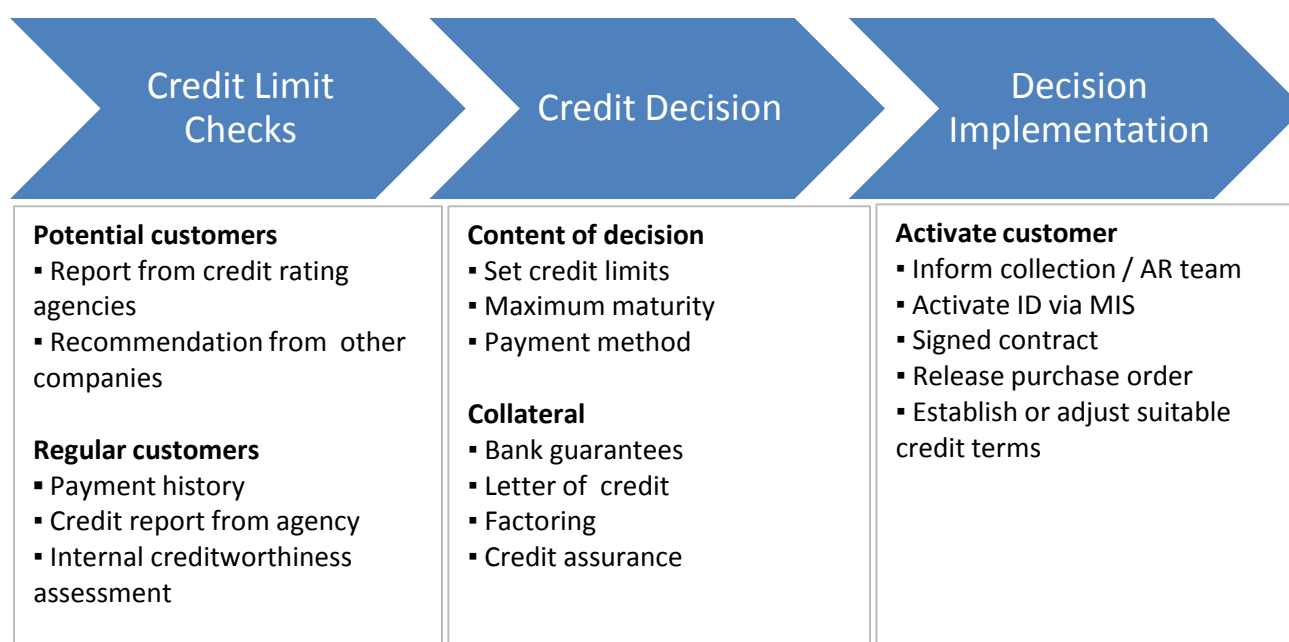

Liquidity risk is managed on both the Group and entity basis. The primary objective of liquidity risk management is to ensure that the bank has sufficient access to funding, to support business activities and to meet contingencies. The Group uses several liquidity risk indicators/ratios for monitoring purposes. The management reviews the Group's liquidity ratios and deposit gathering activities regularly and maintain sufficient liquidity buffer as well as exploring alternative funding sources which would provide the Group with additional avenues to manage costs, volumes and maturities.

## Collection Risk Management

Collection risk is defined as the risk of a counterparty failing to complete its contractual obligations when they fall due. The consequent loss is either the amount of the debt not paid back or the loss incurred when the counterparty delays payment.

The Group sell goods on trade credit, invoicing customers for payment at a later date. Collection risk management involves decisions based upon their customers' financial health, which can indicate their ability to pay on time. Extending the appropriate amount of credit (credit limit) to qualified customers may reduce the risk of late payments or defaults, both of which can expose the Group to financial challenges.

Collection risk management is the practice of determining creditworthiness – assessing new and returning customers for risk of late or non-payment. The Group performs due diligence to manage the risks that come with extending business credit. The Collection team maintains a framework for the identification, analysis and monitoring of collection risks arising within each business model.

In order to establish the status of the customer, the Group will use a combination of financial and non-financial variables. Some of the methods adapted by the Group are subjective in approach whilst others are more systematic as in the use of quantitative techniques to evaluate a credit against objective benchmarks. The combination methods adapted are summarized below:

Approach	Methodology
Judgemental	Apply the assessor's experience and understanding of the case to the decision to extend or refuse credit
Credit Committee	Committee to judge the case or formalise judgemental decision via receivables system and procedures
Analytics	A pre-determined set of analytics, usually on quantitative data, to derive a decision.
Behavioural	Observe behaviour over time to derive appropriate relationships for reaching a decision

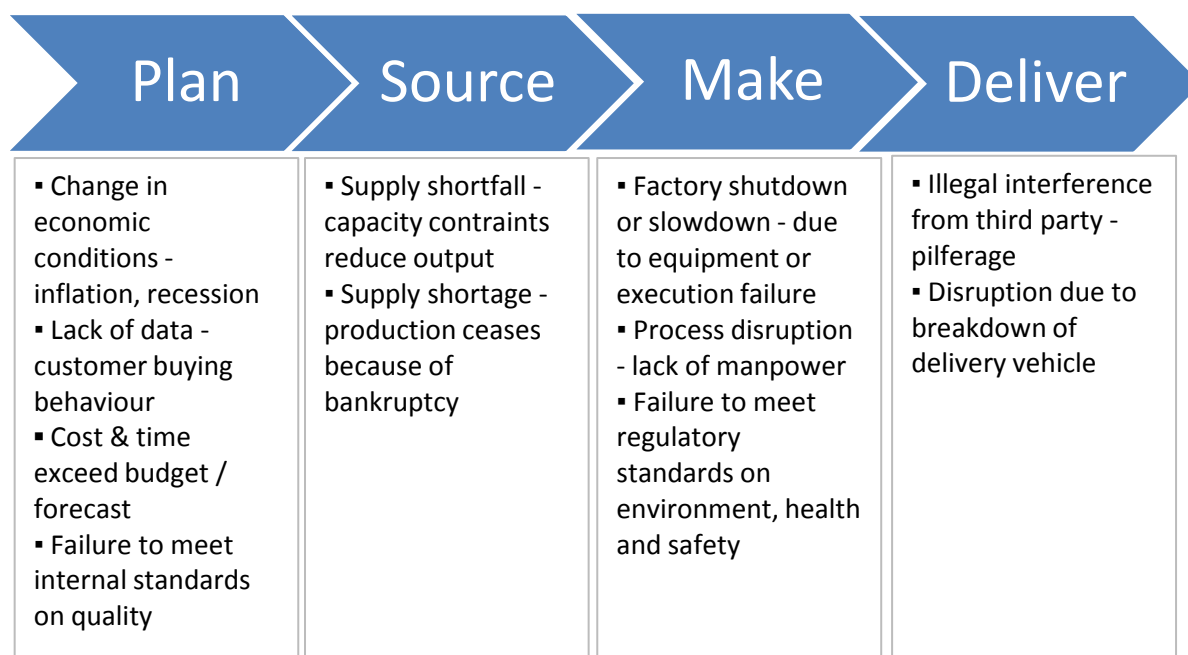

Based on the above risk assessment methodology, the Consignment business segment has a higher risk of receiving late payments compared to the Outright and Retail business segment.

### Supply Chain Risk Management

Supply chain risk management attempts to reduce supply-chain vulnerability via a coordinated approach, involving all supply-chain stakeholders, which identifies and analyses the risk of failure points within the supply chain.

Risks to the supply chain range from unpredictable natural threats to counterfeit products, and reaches across quality, security, to resiliency and product integrity. Mitigation plans to manage these risks can involve logistics, cybersecurity, finance and risk management disciplines; the ultimate goal being to ensure supply chain continuity in the event of a scenario which otherwise would have interrupted normal business and so profitability.

The Group assess value chain nodes to identify key risks.

Outsourcing makes it possible for the Group to take advantage of economies of scale and is a form of easy access to new technologies and to tools and services not available within the Group itself. The result of which reduces operation costs and improves efficiency and flexibility.

This strategy may give rise to supplier concentration risk where a risk may occur when an organization relies too heavily on one supplier to perform several, if not all, critical and/or high-risk functions for their operation or makes most of its purchases from a few key suppliers. Should the supplier face any disruption; the impact could cause several delays in the overall process for an extended period of time. Additionally, centralizing all services requires the assurance that each product or service is staffed appropriately, not only from an administrative perspective but from a subject matter expertise level too.

There is no universal guideline on what would be considered a reasonable level of supplier concentration. Procurement management found the pros outweigh the cons but also recognised the risk of bundling multiple products and services with one supplier and at the same time fail to have a reliable back up supplier in place. While the strategy is rightly concerned with cost containment, procurement management should not overlook customer service standards. For this reason, it's critical that the board-level of executives clearly communicate its overall business goals and objectives. Understanding how to view supplier management is vital in how to approach management of outsourced suppliers.

### Market Risk

The market risk is closely linked to the liquidity risk. If the market is bad, there would only be outflow of cash with very minimum in flow. This risk is very dependent on the sales and marketing effectiveness, financing availability, market segment targeting, income level of the customers, general economy conditions, etc. This risk is very difficult to quantify and at best, is a judgemental call by the management.

### STATEMENT OF INTERNAL CONTROL

The key elements of the internal control system established by the Board to provide effective governance and oversight of internal control includes:

- **Organisation Structure**

The current organisation structure enables a clear reporting line from lower management level up to the Board. Job functions and areas of responsibilities of certain employees are outlined in the job description and authority charts. The Group practices an "open-door" policy that allows matters to be identified and resolved in a timely and efficiently manner. The Board and its various Board Committees are all governed by clearly defined terms of references.

- **Strategic Business Direction**

The Group's business objectives are communicated throughout the organisation through its business plan, management meetings and interaction between the Group Chief Executive Officer, management and employees.

- **Risk Identification**

The Board is fully aware of the principal risks faced by the Company and the Group and has put in place the appropriate controls to identify, evaluate and manage these risks through the involvement of the Group Chief Executive Officer in the day-to-day operations of the Group. The performance of the Company and the Group is monitored through strategic, management and operational level meetings. Significant matters identified during these meetings are highlighted to the Board on a timely basis.

- **Board Committees**

The Board has established several board committees to assist in discharging its duties. These include the Audit and Risk Management Committee and the Nomination and Remuneration Committee. These Board Committees have been delegated with specific duties to review and consider all matters within their scope of responsibility as defined in their respective terms of reference.

- **Limits of Authority**

The Group has clear limits of authority which defines the approving limits that have been assigned and delegated to each approving authority within the Group. The limits of authority will continue to be reviewed periodically and updated in line with changes in the organisation.

- **Financial Budgeting**

Annual budgets are prepared in advance for the following financial year and the budgets are subject to review by the Senior Management prior to tabling to the Board for approval. Actual performance is reviewed against the budget with detailed explanations provided for material variances.

- **Performance Review**

Senior management meetings are held to discuss the Group's financial performance, business development, operational and corporate issues. Additionally, comprehensive information on financial performance, achievement of key performance indicators and progress of key projects are communicated by Senior Management to the Board on a quarterly basis.

- **Information Technology Management**

Comprehensive management information systems exist throughout the Group. Relevant data is captured, compiled, analysed and reported. These systems enable Management to make decisions in an accurate and timely manner towards meeting the business objectives. The Group is proactively monitoring and implementing layers of new controls to protect its critical business systems against the ever-evolving cyber threat landscape and challenges.

### STATEMENT OF INTERNAL CONTROL (cont'd)

#### • Internal Audit Function

The internal audit function of the Group is performed in-house and undertaken by the Internal Audit Department that reports to the Audit and Risk Management Committee. The Audit and Risk Management Committee reviews the annual internal audit plan, which was co-developed by the Internal Audit Department and the management. Applying a risk-based approach, periodic internal audit visits have been carried out to review the adequacy and integrity of key internal controls of the Group's business to provide an independent assurance on the systems of internal control. The Internal Audit Department reports to the Audit and Risk Management Committee on the adequacy and effectiveness of the Group's governance, risk management and internal control systems.

The activities of the Internal Audit Department during FY2020 are disclosed in the Audit and Risk Management Committee Report included in this Annual Report.

#### • Policies and Procedures

Elements of internal control have been embedded and documented in the form of policies and operating procedures which are continuously reviewed and updated to reflect changes in the business environment. Accountability and responsibility for key processes have been established in the standard operating procedures.

#### • Whistleblowing Policy

The Group has put in place a Whistleblowing Policy which allows, supports and encourages its employees and third parties to report and disclose any improper or illegal activities within the Group. The Group is committed to investigate any suspected misconduct or breach reported, as well as to protect those who come forward to report such activities.

#### • Anti-Bribery and Anti-Corruption Policy

The Group adopts a zero-tolerance approach to bribery and corruption in all its forms. It is committed to conducting business free from any acts of bribery or corruption in upholding high standards of ethics and integrity. The Group has established an Anti-Bribery and Anti-Corruption Policy which prohibits all forms of bribery and corruption practices.

Additional key features of the Group's system of internal controls include the following:

- Internal control procedures are set out in a series of standard operating policies and procedures. These procedures are the subject of regular reviews and improvements to reflect changing risks or to resolve operational deficiencies.
- Audit and Risk Management Committee holds regular meetings with management on the actions taken on internal control issues identified through reports prepared by the internal auditors, external auditors and/or management.
- Preparation of quarterly and yearly financial results; and key business indicators, as announced or otherwise published to shareholders.
- Meetings involving the Group Chief Executive Officer, senior management and heads of department are regularly held and any significant matters are escalated to the Board.

The Board together with the management will continuously assess the suitability, adequacy and effectiveness of the Group's system of internal controls and will take corrective measures to enhance the system, as and when necessary.

#### Assurance Provided by the Group Chief Executive Officer and Chief Financial Officer

In line with the Guidelines, the Group Chief Executive Officer and Chief Financial Officer have provided assurance to the Board, where, to the best of their knowledge, the Group's risk management and internal control systems have operated adequately and effectively, in all material aspects, based on the Risk Management and Internal Control Framework adopted by the Group, to meet the Group's objectives during the financial year under review.

### Review by the External Auditors

The External Auditors have reviewed this Statement pursuant to the scope set out in Audit and Assurance Practice Guide 3 ("AAPG 3") *Guidance for Auditors on Engagements to Report on the Statement on Risk Management and Internal Control included in the Annual Report* issued by the Malaysian Institute of Accountants for inclusion in the Annual Report of the Group for the FY 2020, and reported to the Board that nothing has come to their attention that causes them to believe that this Statement intended to be included in the Annual Report of the Group, in all material respects :

- (a) has not been prepared in accordance with the disclosures required by paragraphs 41 and 42 of the Statement on Risk Management and Internal Control: Guidelines for Directors of Listed Issuers, or
- (b) is factually inaccurate.

AAPG 3 does not require the External Auditors to consider whether this Statement covers all risks and controls, or to form an opinion on the adequacy and effectiveness of the Group's risk management and internal control system including the assessment and opinion by the Board and Management thereon. The External Auditors are also not required to consider whether the processes described to deal with material internal control aspects of any significant problem disclosed in the Annual Report will, in fact, remedy the problems.

### Conclusion

The Board is satisfied with the adequacy and effectiveness of the risk management and internal control system to safeguard shareholders' investments and the Group's assets, and confirms that there is a continuous process in place to identify, evaluate and manage the significant risks that may affect the achievement of business objectives. The process which has been instituted throughout the Group is updated and reviewed from time to time to suit the changes in the business environment, and this ongoing process has been in place for the whole FY2020 and up to the date of issuance of the Company's Annual Report.

This Statement is made in respect of FY2020 and in accordance with a resolution of the Board passed on 15 July 2020.

There was no indemnity given to or insurance effected for the auditors of the Company.

**Other Statutory Information**

- (a) Before the financial statements of the Group and of the Company were prepared, the Directors took reasonable steps to ascertain that:
  - (i) all known bad debts have been written off and adequate provision made for doubtful debts, and
  - (ii) any current assets which were unlikely to be realised in the ordinary course of business have been written down to an amount which they might be expected so to realise.
- (b) At the date of this report, the Directors are not aware of any circumstances:
  - (i) that would render the amount written off for bad debts or the amount of the provision for doubtful debts in the Group and in the Company inadequate to any substantial extent, or
  - (ii) that would render the values attributed to current assets in the financial statements of the Group and of the Company misleading, or
  - (iii) which have arisen which render adherence to the existing method of valuation of assets or liabilities of the Group and of the Company misleading or inappropriate, or
  - (iv) not otherwise dealt with in this report or in the financial statements that would render any amount stated in the financial statements of the Group and of the Company misleading.
- (c) At the date of this report, there does not exist:
  - (i) any charge on the assets of the Group or of the Company that has arisen since the end of the financial year and which secures the liabilities of any other person; or
  - (ii) any contingent liability in respect of the Group or of the Company that has arisen since the end of the financial year.

No contingent liability or other liability of any company in the Group has become enforceable, or is likely to become enforceable within the period of twelve months after the end of the financial year which, in the opinion of the Directors, will or may substantially affect the ability of the Group and of the Company to meet their obligations as and when they fall due.

In the opinion of the Directors, except for the impairment of investment in subsidiaries as disclosed in Note 6 and prior year adjustment as disclosed in Note 33, the financial performance of the Group and of the Company for the financial year ended 31 March 2020 have not been substantially affected by any item, transaction or event of a material and unusual nature nor has any such item, transaction or event occurred in the interval between the end of that financial year and the date of this report.

**Auditors**

The auditors, Messrs Reanda LLKG International, have exposed their willingness to continue in office.

The auditors' remuneration is disclosed in Note 24 to the financial statements.

## REPORT ON THE AUDIT OF THE FINANCIAL STATEMENTS

## Opinion

We have audited the financial statements of Asia Brands Berhad, which comprise the statements of financial position as at 31 March 2020 of the Group and of the Company, and the statements of profit or loss and other comprehensive income, statements of changes in equity and statements of cash flows of the Group and of the Company for the year then ended, and notes to the financial statements, including a summary of significant accounting policies, as set out on pages 57 to 107.

In our opinion, the accompanying financial statements give a true and fair view of the financial position of the Group and of the Company as at 31 March 2020, and of their financial performance and their cash flows for the year then ended in accordance with Malaysian Financial Reporting Standards, International Financial Reporting Standards and the requirements of the Companies Act 2016 in Malaysia.

## Basis for Opinion

We conducted our audit in accordance with approved standards on auditing in Malaysia and International Standards on Auditing. Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

## Independence and Other Ethical Responsibilities

We are independent of the Group and of the Company in accordance with the *By-Laws (on Professional Ethics, Conduct and Practice)* of the Malaysian Institute of Accountants ("By-Laws") and the International Ethics Standards Board for Accountants' *Code of Ethics for Professional Accountants* ("IESBA Code"), and we have fulfilled our other ethical responsibilities in accordance with the By-Laws and the IESBA Code.

## Key Audit Matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the financial statements of the Group and of the Company for the current year. These matters were addressed in the context of our audit of the financial statements of the Group and of the Company as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Key audit matters	How our audit addressed the key audit matters
<p><u>Impairment assessment on goodwill and trademarks</u></p> <p>Please refer to Note 2(d) for Significant Accounting Judgements, Estimates and Assumptions, Note 3(f) for accounting policies of intangible assets and Note 7 for Intangible Assets.</p> <p>The carrying values of goodwill and trademarks of the Group as at 31 March 2020 are RM26.7 million and RM131 million respectively.</p> <p>Goodwill and trademarks with indefinite life are subject to annual impairment testing. We focused on these areas as the determination of recoverable amounts of cash-generating-unit based on value-in-use calculations by management involved a significant degree of judgement and assumptions.</p>	<p>Our procedures performed in relation to management's impairment assessment and testing included the following:</p> <ul style="list-style-type: none"> <li>Assessed the reliability of management's forecast through the review of past trends of actual financial performances against previous forecasted results;</li> <li>Assessed the key assumptions on which the cash flow projections are based, by amongst others, comparing them against business plans, historical results and market data;</li> <li>Evaluated the appropriateness of the discount rate used to determine the present value of the cash flows and whether the rate used reflects the current market assessments of the time value of money and the risks specific to the asset;</li> <li>Performed sensitivity analysis on key assumptions to evaluate impact on the impairment assessment; and</li> <li>Assessed the adequacy and reasonableness of the disclosures in the financial statements.</li> </ul>

**REPORT ON THE AUDIT OF THE FINANCIAL STATEMENTS (CONT'D)**
**Key Audit Matters (Cont'd)**

Key audit matters (Cont'd)	How our audit addressed the key audit matters (Cont'd)
<p><u>Inventories valuation</u></p> <p>The carrying amount of finished goods of the Group as at 31 March 2020 is RM68 million. As described in the accounting policies in Note 3(g) to the financial statements, inventories are carried at the lower of cost and net realisable value. Assessing valuation of inventories is an area of significant judgement as there is a risk in estimating the net realisable value of the inventories, as well as assessing which items may be slow-moving or obsolete.</p> <p>Due to the significance of inventories and the corresponding uncertainty inherent in such an estimate, we considered this as a key audit matter.</p> <p>Please refer to Note 2(d) for Significant Accounting Judgements, Estimates and Assumptions and the disclosures of inventories in Note 9 to the financial statements.</p>	<p>Our audit procedures included, amongst others:</p> <ul style="list-style-type: none"> <li>• Reviewing the historical ageing of inventories;</li> <li>• Checking the effectiveness of controls associated with the existence and condition of inventories by attending inventory counts at financial year end in selected locations;</li> <li>• Identifying and assessing a sample of aged and obsolete inventories;</li> <li>• Analysing the level of slow-moving inventories and the associated provision;</li> <li>• Testing the expected volume and price of future sales of inventories by reviewing the price of a sample of inventories sold after the reporting date;</li> <li>• Reviewing the historical accuracy of inventory provisioning and the level of inventory write-offs during the financial year; and</li> <li>• Assessed the adequacy and reasonableness of the disclosures in the financial statements.</li> </ul>
<p><b>Impact of adoption of MFRS 16 Leases</b></p> <p>Refer to Note 2(d) for Significant Accounting Judgements, Estimates and Assumptions, Note 3(e) for the accounting policies of leases and Note 32 to the financial statements.</p> <p>The Group applied MFRS 16 <i>Leases</i> for the first time commencing 1 April 2019. MFRS 16 introduces a new lease accounting model, where lessees are required to recognise a right-of-use ("ROU") asset and a lease liability arising from a lease on its balance sheet.</p> <p>During the year, the Group applied MFRS 16 using the modified retrospective approach. The cumulative effect of adopting MFRS 16 was recognised as an adjustment to accumulated losses at 1 April 2019, with no restatement of comparative information.</p> <p>A number of judgements were applied and estimates made in determining the impact of this standard. These include the determination of appropriate discount rates and lease terms, especially renewal options. The incremental borrowing rate was used where the implicit rate of interest in a lease was not readily determinable. The adjustments and disclosure of the impact arising from applying MFRS 16 are material to the Group and is a key focus area in our audit.</p>	<p>We assessed the appropriateness of the assumptions and estimates underpinning the accounting for these lease contracts as follows:</p> <ul style="list-style-type: none"> <li>• Obtained an understanding and evaluated management's implementation process, including the review of policy elections, the completeness and accuracy of the lease contracts identified and calculation of the ROU asset and lease liability;</li> <li>• Reviewed contracts, on a sampling basis, to assess whether leases have been appropriately identified;</li> <li>• Performed independent testing on a sample basis of the accuracy of the lease contracts input in the lease accounting worksheet;</li> <li>• Recalculated the ROU asset and lease liability for each material type of lease contract;</li> <li>• Reviewed the appropriateness of discount rates applied; and</li> <li>• Reviewed the adequacy of disclosures in the financial statements in accordance with the requirements of MFRS 16.</li> </ul>

**REPORT ON THE AUDIT OF THE FINANCIAL STATEMENTS (CONT'D)****Information Other than the Financial Statements and Auditors' Report Thereon**

The Directors of the Company are responsible for the other information. The other information comprises the information included in the annual report, but does not include the financial statements of the Group and of the Company and our auditors' report thereon.

Our opinion on the financial statements of the Group and of the Company does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements of the Group and of the Company, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements of the Group and of the Company or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

**Responsibilities of the Directors for the Financial Statements**

The Directors of the Company are responsible for the preparation of financial statements of the Group and of the Company that give a true and fair view in accordance with Malaysian Financial Reporting Standards, International Financial Reporting Standards and the requirements of the Companies Act 2016 in Malaysia. The Directors are also responsible for such internal control as the Directors determine is necessary to enable the preparation of financial statements of the Group and of the Company that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements of the Group and of the Company, the Directors are responsible for assessing the Group's and the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Directors either intend to liquidate the Group or the Company or to cease operations, or have no realistic alternative but to do so.

**Auditors' Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements of the Group and of the Company as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with approved standards on auditing in Malaysia and International Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with approved standards on auditing in Malaysia and International Standards on Auditing, we exercise professional judgement and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements of the Group and of the Company, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentation, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's and of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Directors.
- Conclude on the appropriateness of the Directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's or the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the financial statements of the Group and of the Company or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Group or the Company to cease to continue as a going concern.

## Independent Auditors' Report (Cont'd)

To the Members of Asia Brands Berhad (Registration No.: 197501000740 (22414-V)) (Incorporated in Malaysia)

### REPORT ON THE AUDIT OF THE FINANCIAL STATEMENTS (CONT'D)

#### Auditors' Responsibilities for the Audit of the Financial Statements (cont'd)

- Evaluate the overall presentation, structure and content of the financial statements of the Group and of the Company, including the disclosures, and whether the financial statements of the Group and of the Company represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the financial statements of the Group. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with the Directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the Directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with the Directors, we determine those matters that were of most significance in the audit of the financial statements of the Group and of the Company for the current year and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

#### Other Matters

The financial statements of the Group and of the Company as at and for the year ended 31 March 2019 were audited by another auditor who expressed an unmodified opinion on those statements on 12 July 2019.

This report is made solely to the members of the Company, as a body, in accordance with Section 266 of the Companies Act 2016 in Malaysia and for no other purpose. We do not assume responsibility to any other person for the content of this report.

The principal activity of the Company is investment holding. The principal activities of the subsidiaries are disclosed in Note 6.

These financial statements were authorised for issue by the Board of Directors on 15 July 2020.

## 2. Basis of Preparation

### (a) Statement of compliance

The financial statements of the Group and the Company have been prepared in accordance with Malaysian Financial Reporting Standards ("MFRSs"), International Financial Reporting Standards and the requirements of the Companies Act 2016 in Malaysia.

The following are accounting standards, interpretations and amendments of the MFRSs that have been issued by the Malaysian Accounting Standards Board ("MASB") but have not been adopted by the Group and the Company:

		Effective for annual periods beginning on or after
(Amendments to MFRS 101 <i>Presentation of Financial Statements</i> and MFRS 108 <i>Accounting Policies, Changes in Accounting Estimates and Errors</i> )	Definition of Material	1 January 2020

Amendments to MFRS 10 <i>Consolidated Financial Statements</i> and MFRS 128 <i>Investments in Associates and Joint Ventures</i>	Sale or Contribution of Assets between an Investor and its Associate or Joint Venture	Deferred until further notice

**2. Basis of Preparation (Cont'd)****(a) Statement of compliance (Cont'd)**

The Group and the Company intend to adopt the abovementioned accounting standards, interpretations and amendments when they become effective except for MFRS 17 *Insurance Contracts* as it is not applicable to the Group and the Company.

The initial application of the abovementioned accounting standards, interpretations and amendments are not expected to have any material financial impacts to the current period and prior period financial statements of the Group and the Company except for *Covid-19-Related Rent Concessions* (Amendment to MFRS 16 *Leases*) where the Group is currently assessing the financial impact that may arise from initial application of the amendment.

**(b) Basis of measurement**

The financial statements have been prepared on the historical cost basis other than as disclosed in Note 3.

**(c) Functional and presentation currency**

These financial statements are presented in Ringgit Malaysia ("RM"), which is the Company's functional currency. All financial information is presented in RM.

**(d) Significant accounting judgements, estimates and assumptions**

The preparation of the financial statements in conformity with MFRSs requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised and in any future periods affected.

There are no significant areas of estimation uncertainty and critical judgements in applying accounting policies that have significant effect on the amounts recognised in the financial statements other than those disclosed below:

Extension options and incremental borrowing rate in relation to leases (Note 5)

The Group assesses at lease commencement by applying significant judgement whether it is reasonably certain to exercise the extension options. Group entities consider all facts and circumstances including their past practice and any cost that will be incurred to change the asset if an option to extend is not taken, to help them determine the lease term.

The Group also applied judgement and assumptions in determining the incremental borrowing rate of the respective leases. Group entities first determine the closest available borrowing rates before using significant judgement to determine the adjustments required to reflect the term, security, value or economic environment of the respective leases.

Impairment of goodwill and trademarks (Note 7)

The Group tests annually whether goodwill and trademarks have suffered any impairment. When value in use calculations are undertaken, management estimates the expected future cash flows from the cash generating unit and chooses a suitable discount rate in order to calculate the present value of those cash flows. The impact of COVID-19 pandemic has been reflected in the cash flow projections. The preparation of the estimated future cash flows involves significant judgement and estimations. While the Group believes that the assumptions are appropriate and reasonable, significant changes in the assumptions may materially affect the assessment of recoverable amounts and may lead to future impairment losses.

Deferred tax assets (Note 8)

Deferred tax assets are recognised for all unused tax losses, unabsorbed capital allowances and other deductible temporary differences to the extent that it is probable that taxable profit will be available against which the unused tax losses, unabsorbed capital allowances and other deductible temporary differences can be utilised. Significant management judgement is required to determine the amount of deferred tax assets that can be recognised, based upon the likely timing and level of future taxable profits.

## 2. Basis of Preparation (Cont'd)

### (d) Significant accounting judgements, estimates and assumptions (Cont'd)

#### Inventories valuation (Note 9)

Inventories are measured at the lower of cost and net realisable value. The Group estimates the net realisable value of inventories based on an assessment of expected sales prices. Demand levels and pricing competition could change from time to time. If such factors result in an adverse effect on the Group's products, the Group might be required to reduce the value of its inventories.

#### Measurement of expected credit losses ("ECL") (Note 30(b)(i))

The Group uses the simplified approach to estimate a lifetime expected credit loss allowance for all trade receivables. The Group develops the expected loss rates based on historical credit losses and adjusts for qualitative and quantitative reasonable and supportable forward-looking information.

Other than trade receivables, the Group and the Company assess the credit risk of other receivables at each reporting date on an individual basis, to determine whether or not there have been significant increases in credit risk since the initial recognition of these assets. To determine whether there is a significant increase in credit risks, the Group and the Company consider factors such as the probability of insolvency or significant financial difficulties of the debtors and default or significant delay in payments. Where there is a significant increase in credit risk, the Group and the Company determine the lifetime expected credit loss by considering the loss given default and the probability of default assigned to each counterparty customer.

In assessing credit risks for purposes of applying the ECL model, the Group considers the need to incorporate forward-looking factors and to estimate the probability of default, which are likely to be judgmental and subject to estimation uncertainties.

## 3. Significant Accounting Policies

The accounting policies set out below have been applied consistently to the periods presented in these financial statements and have been applied consistently by Group entities, unless otherwise stated.

Arising from the adoption of MFRS 16 Leases, there are changes to the accounting policies applied to lease contracts entered into by the Group entities as compared to those applied in previous financial statements. The impacts arising from the changes are disclosed in Note 32.

### (a) Basis of consolidation

#### (i) Subsidiaries

Subsidiaries are entities, including structured entities, controlled by the Company. The financial statements of subsidiaries are included in the consolidated financial statements from the date that control commences until the date that control ceases.

The Group controls an entity when it is exposed, or has rights, to variable returns from its involvement with the entity and has the ability to affect those returns through its power over the entity. Potential voting rights are considered when assessing control only when such rights are substantive. The Group also considers it has *de facto* power over an investee when, despite not having the majority of voting rights, it has the current ability to direct the activities of the investee that significantly affect the investee's return.

Investments in subsidiaries are measured in the Company's statement of financial position at cost less any impairment losses, unless the investment is classified as held for sale or distribution. The cost of investment includes transaction costs.

**3. Significant Accounting Policies (Cont'd)****(a) Basis of consolidation (Cont'd)****(ii) Business combinations**

Business combinations are accounted for using the acquisition method from the acquisition date, which is the date on which control is transferred to the Group.

For new acquisitions, the Group measures the cost of goodwill at the acquisition date as:

- the fair value of the consideration transferred; plus
- the recognised amount of any non-controlling interests in the acquiree; plus
- if the business combination is achieved in stages, the fair value of the existing equity interest in the acquiree; less
- the net recognised amount (generally fair value) of the identifiable assets acquired and liabilities assumed.

When the excess is negative, a bargain purchase gain is recognised immediately in profit or loss.

For each business combination, the Group elects whether it measures the non-controlling interests in the acquiree either at fair value or at the proportionate share of the acquiree's identifiable net assets at the acquisition date.

Transaction costs, other than those associated with the issue of debt or equity securities, that the Group incurs in connection with a business combination are expensed as incurred.

**(iii) Acquisitions of non-controlling interests**

The Group accounts for all changes in its ownership interest in a subsidiary that do not result in a loss of control as equity transactions between the Group and its non-controlling interest holders. Any difference between the Group's share of net assets before and after the change, and any consideration received or paid, is adjusted to or against Group reserves.

**(iv) Loss of control**

Upon the loss of control of a subsidiary, the Group derecognises the assets and liabilities of the former subsidiary, any non-controlling interests and the other components of equity related to the former subsidiary from the consolidated statement of financial position. Any surplus or deficit arising on the loss of control is recognised in profit or loss. If the Group retains any interest in the former subsidiary, then such interest is measured at fair value at the date that control is lost. Subsequently, it is accounted for as an equity accounted investee or as a financial asset depending on the level of influence retained.

**(v) Non-controlling interests**

Non-controlling interests at the end of the reporting period, being the equity in a subsidiary not attributable directly or indirectly to the equity holders of the Company, are presented in the consolidated statement of financial position and statement of changes in equity within equity, separately from equity attributable to the owners of the Company. Non-controlling interests in the results of the Group is presented in the consolidated statement of profit or loss and other comprehensive income as an allocation of the profit or loss and the comprehensive income for the year between non-controlling interests and owners of the Company.

Losses applicable to the non-controlling interests in a subsidiary are allocated to the non-controlling interests even if doing so causes the non-controlling interests to have a deficit balance.

**(vi) Transactions eliminated on consolidation**

Intra-group balances and transactions, and any unrealised income and expenses arising from intra-group transactions, are eliminated in preparing the consolidated financial statements.

Unrealised gains arising from transactions with equity-accounted associates and joint ventures are eliminated against the investment to the extent of the Group's interest in the investees. Unrealised losses are eliminated in the same way as unrealised gains, but only to the extent that there is no evidence of impairment.

**3. Significant Accounting Policies (Cont'd)****(b) Foreign currency transactions**

Transactions in foreign currencies are translated to the respective functional currencies of the Group entities at exchange rates at the dates of the transactions.

Monetary assets and liabilities denominated in foreign currencies at the end of the reporting period are retranslated to the functional currency at the exchange rate at that date.

Non-monetary assets and liabilities denominated in foreign currencies are not retranslated at the end of the reporting date, except for those that are measured at fair value which are retranslated to the functional currency at the exchange rate at the date that the fair value was determined.

Foreign currency differences arising on retranslation are recognised in profit or loss, except for differences arising on the retranslation of equity instruments where they are measured at fair value through other comprehensive income or a financial instrument designated as a cash flow hedge, which are recognised in other comprehensive income.

In the consolidated financial statements, when settlement of a monetary item receivable from or payable to a foreign operation is neither planned nor likely to occur in the foreseeable future, foreign exchange gains and losses arising from such a monetary item are considered to form part of a net investment in a foreign operation and are recognised in other comprehensive income, and are presented in the foreign currency translation reserve ("FCTR") in equity.

**(c) Financial instruments****(i) Recognition and initial measurement**

A financial asset or a financial liability is recognised in the statement of financial position when, and only when, the Group or the Company becomes a party to the contractual provisions of the instrument.

A financial asset (unless it is a trade receivable without significant financing component) or a financial liability is initially measured at fair value plus or minus, for an item not at fair value through profit or loss, transaction costs that are directly attributable to its acquisition or issuance. A trade receivable without a significant financing component is initially measured at the transaction price.

**(ii) Financial instrument categories and subsequent measurement**Financial assets

Categories of financial assets are determined on initial recognition and are not reclassified subsequent to their initial recognition unless the Group or the Company changes its business model for managing financial assets in which case all affected financial assets are reclassified on the first day of the first reporting period following the change of the business model.

**a) Amortised cost**

Amortised cost category comprises financial assets that are held within a business model whose objective is to hold assets to collect contractual cash flows and its contractual terms give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. The financial assets are not designated as fair value through profit or loss. Subsequent to initial recognition, these financial assets are measured at amortised cost using the effective interest method. The amortised cost is reduced by impairment losses. Interest income, foreign exchange gains and losses and impairment are recognised in profit or loss. Any gain or loss on derecognition is recognised in profit or loss.

Interest income is recognised by applying effective interest rate to the gross carrying amount except for credit impaired financial assets (see Note 3(i)(ii)) where the effective interest rate is applied to the amortised cost.

### 3. Significant Accounting Policies (Cont'd)

#### (c) Financial instruments (Cont'd)

##### (ii) Financial instrument categories and subsequent measurement (Cont'd)

###### Financial assets (Cont'd)

###### b) *Fair value through profit or loss*

All financial assets not measured at amortised cost described above are measured at fair value through profit or loss. This includes derivative financial assets (except for a derivative that is a designated and effective hedging instrument). On initial recognition, the Group or the Company may irrevocably designate a financial asset that otherwise meets the requirements to be measured at amortised cost as at fair value through profit or loss if doing so eliminates or significantly reduces an accounting mismatch that would otherwise arise.

Financial assets categorised as fair value through profit or loss are subsequently measured at their fair value. Net gains or losses, including any interest or dividend income, are recognised in the profit or loss.

All financial assets, except for those measured at fair value through profit or loss, are subject to impairment assessment (see Note 3(i)(i)).

###### Financial liabilities

The categories of financial liabilities at initial recognition are as follows:

###### *Amortised cost*

Financial liabilities are subsequently measured at amortised cost using the effective interest method. Interest expense and foreign exchange gains and losses are recognised in the profit or loss. Any gains or losses on derecognition are also recognised in the profit or loss.

##### (iii) Financial guarantee contracts

A financial guarantee contract is a contract that requires the issuer to make specified payments to reimburse the holder for a loss it incurs because a specified debtor fails to make payment when due in accordance with the original or modified terms of a debt instrument.

Financial guarantees issued are initially measured at fair value. Subsequently, they are measured at higher of:

- the amount of the loss allowance; and
- the amount initially recognised less, when appropriate, the cumulative amount of income recognised in accordance to the principles of MFRS 15 *Revenue from Contracts with Customers*.

Liabilities arising from financial guarantees are presented together with other provisions.

##### (iv) Derecognition

A financial asset or part of it is derecognised when, and only when, the contractual rights to the cash flows from the financial asset expire or transferred, or control of the asset is not retained or substantially all of the risks and rewards of ownership of the financial asset are transferred to another party. On derecognition of a financial asset, the difference between the carrying amount of the financial asset and the sum of consideration received (including any new asset obtained less any new liability assumed) is recognised in profit or loss.

A financial liability or a part of it is derecognised when, and only when, the obligation specified in the contract is discharged, cancelled or expires. A financial liability is also derecognised when its terms are modified and the cash flows of the modified liability are substantially different, in which case, a new financial liability based on modified terms is recognised at fair value. On derecognition of a financial liability, the difference between the carrying amount of the financial liability extinguished or transferred to another party and the consideration paid, including any non-cash assets transferred or liabilities assumed, is recognised in profit or loss.

**3. Significant Accounting Policies (Cont'd)****(c) Financial instruments (Cont'd)****(v) Offsetting**

Financial assets and financial liabilities are offset and the net amount presented in the statement of financial position when, and only when, the Group or the Company currently has a legally enforceable right to set off the amounts and it intends either to settle them on a net basis or to realise the asset and liability simultaneously.

**(d) Plant and equipment****(i) Recognition and measurement**

Items of plant and equipment are measured at cost less any accumulated depreciation and any accumulated impairment losses.

Cost includes expenditures that are directly attributable to the acquisition of the asset and any other costs directly attributable to bringing the asset to working condition for its intended use, and the costs of dismantling and removing the items and restoring the site on which they are located. The cost of self-constructed assets also includes the cost of materials and direct labour. For qualifying assets, borrowing costs are capitalised in accordance with the accounting policy on borrowing costs. Cost also may include transfers from equity of any gain or loss on qualifying cash flow hedges of foreign currency purchases of plant and equipment.

Purchased software that is integral to the functionality of the related equipment is capitalised as part of that equipment.

When significant parts of an item of plant and equipment have different useful lives, they are accounted for as separate items (major components) of plant and equipment.

The gain or loss on disposal of an item of plant and equipment is determined by comparing the proceeds from disposal with the carrying amount of plant and equipment and is recognised net in profit or loss.

**(ii) Subsequent costs**

The cost of replacing a component of an item of plant and equipment is recognised in the carrying amount of the item if it is probable that the future economic benefits embodied within the component will flow to the Group or the Company, and its cost can be measured reliably. The carrying amount of the replaced component is derecognised to profit or loss. The costs of the day-to-day servicing of plant and equipment are recognised in profit or loss as incurred.

**(iii) Depreciation**

Depreciation is based on the cost of an asset less its residual value. Significant components of individual assets are assessed, and if a component has a useful life that is different from the remainder of that asset, then that component is depreciated separately.

Depreciation is recognised in profit or loss on a straight-line basis over the estimated useful lives of each component of an item of plant and equipment from the date that they are available for use. Plant and equipment under construction are not depreciated until the assets are ready for their intended use.

Plant and equipment are depreciated based on the principal annual rates as follows:

Computer equipment	30%
Display counters	10%
Office equipment	10%
Renovation	20%
Motor vehicles	20%

Depreciation methods, useful lives and residual values are reviewed at end of the reporting period, and adjusted as appropriate.

### 3. Significant Accounting Policies (Cont'd)

#### (e) Leases

The Group has applied MFRS 16 using the modified retrospective approach, under which the cumulative effect of initial application is recognised as an adjustment to accumulated losses at 1 April 2019. Accordingly, the comparative information presented for 2019 has not been restated - i.e. it is presented, as previously reported under MFRS 117 Leases and related interpretations.

#### Current financial year

##### (i) Definition of a lease

A contract is, or contains, a lease if the contract conveys a right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Group assesses whether:

- the contract involves the use of an identified asset - this may be specified explicitly or implicitly, and should be physically distinct or represent substantially all of the capacity of a physically distinct asset. If the supplier has a substantive substitution right, then the asset is not identified;
- the customer has the right to obtain substantially all of the economic benefits from use of the asset throughout the period of use; and
- the customer has the right to direct the use of the asset. The customer has this right when it has the decision-making rights that are most relevant to changing how and for what purpose the asset is used. In rare cases where the decision about how and for what purpose the asset is used is predetermined, the customer has the right to direct the use of the asset if either the customer has the right to operate the asset; or the customer designed the asset in a way that predetermines how and for what purpose it will be used.

At inception or on reassessment of a contract that contains a lease component, the Group allocates the consideration in the contract to each lease and non-lease component on the basis of their relative stand-alone prices. However, for leases of properties in which the Group is a lessee, it has elected not to separate non-lease components and will instead account for the lease and non-lease components as a single lease component.

##### (ii) Recognition and initial measurement

###### (a) As a lessee

The Group recognises a right-of-use asset and a lease liability at the lease commencement date. The right-of-use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentives received.

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, the respective Group entities' incremental borrowing rate. Generally, the Group entities use their incremental borrowing rate as the discount rate.

Lease payments included in the measurement of the lease liability comprise the following:

- fixed payments, including in-substance fixed payments less any incentives receivable;
- variable lease payments that depend on an index or a rate, initially measured using the index or rate as at the commencement date;
- amounts expected to be payable under a residual value guarantee;
- the exercise price under a purchase option that the Group is reasonably certain to exercise; and
- penalties for early termination of a lease unless the Group is reasonably certain not to terminate early.

**3. Significant Accounting Policies (Cont'd)****(e) Leases (Cont'd)****Current financial year (Cont'd)****(ii) Recognition and initial measurement (Cont'd)****(a) As a lessee (Cont'd)**

The Group excludes variable lease payments that linked to future performance or usage of the underlying asset from the lease liability. Instead, these payments are recognised in profit or loss in the period in which the performance or use occurs.

The Group has elected not to recognise right-of-use assets and lease liabilities for short-term leases that have a lease term of 12 months or less and leases of low-value assets. The Group recognises the lease payments associated with these leases as an expense on a straight-line basis over the lease term.

**(b) As a lessor**

When the Group acts as a lessor, it determines at lease inception whether each lease is a finance lease or an operating lease.

To classify each lease, the Group makes an overall assessment of whether the lease transfers substantially all of the risks and rewards incidental to ownership of the underlying asset. If this is the case, then the lease is a finance lease; if not, then it is an operating lease.

If an arrangement contains lease and non-lease components, the Group applies MFRS 15 to allocate the consideration in the contract based on the stand-alone selling prices.

When the Group is an intermediate lessor, it accounts for its interests in the head lease and the sublease separately. It assesses the lease classification of a sublease with reference to the right-of-use asset arising from the head lease, not with reference to the underlying asset. If a head lease is a short-term lease to which the Group applies the exemption described above, then it classifies the sublease as an operating lease.

**(iii) Subsequent measurement****(a) As a lessee**

The right-of-use asset is subsequently depreciated using the straight-line method from the commencement date to the earlier of the end of the useful life of the right-of-use asset or the end of the lease term. The estimated useful lives of right-of-use assets are determined on the same basis as those of plant and equipment. In addition, the right-of-use asset is periodically reduced by impairment losses, if any, and adjusted for certain remeasurements of the lease liability.

The lease liability is measured at amortised cost using the effective interest method. It is remeasured when there is a change in future lease payments arising from a change in an index or rate, if there is a revision of in-substance fixed lease payments, or if there is a change in the Group's estimate of the amount expected to be payable under a residual value guarantee, or if the Group changes its assessment of whether it will exercise a purchase, extension or termination option.

When the lease liability is remeasured, a corresponding adjustment is made to the carrying amount of the right-of-use asset, or is recorded in profit or loss if the carrying amount of the right-of-use asset has been reduced to zero.

**(b) As a lessor**

The Group recognises lease payments received under operating leases as income on a straight-line basis over the lease term.

**3. Significant Accounting Policies (Cont'd)****(e) Leases (Cont'd)****Previous financial year**As a lessee**(i) Finance lease**

Leases in terms of which the Group assumes substantially all the risks and rewards of ownership are classified as finance lease. Upon initial recognition, the leased asset is measured at an amount equal to the lower of its fair value and the present value of the minimum lease payments. Subsequent to initial recognition, the asset is accounted for in accordance with the accounting policy applicable to that asset.

Minimum lease payments made under finance leases were apportioned between the finance expense and the reduction of the outstanding liability. The finance expense was allocated to each period during the lease term so as to produce a constant periodic rate of interest on the remaining balance of the liability. Contingent lease payments were accounted for by revising the minimum lease payments over the remaining term of the lease when the lease adjustment was confirmed.

**(ii) Operating lease**

Leases, where the Group does not assume substantially all the risks and rewards of ownership are classified as operating leases and the leased assets are not recognised on the statement of financial position.

Payments made under operating leases are recognised in profit or loss on a straight-line basis over the term of the lease. Lease incentives received are recognised in profit or loss as an integral part of the total lease expense, over the term of the lease. Contingent rentals are charged to profit or loss in the reporting period in which they are incurred.

**(f) Intangible assets****(i) Goodwill**

Goodwill arises on business combinations is measured at cost less any accumulated impairment losses.

**(ii) Other intangible assets**

Intangible assets, other than goodwill, that are acquired by the Group, which have finite useful lives, are measured at cost less any accumulated amortisation and any accumulated impairment losses.

**(iii) Subsequent expenditure**

Subsequent expenditure is capitalised only when it increases the future economic benefits embodied in the specific asset to which it relates. All other expenditure, including expenditure on internally generated goodwill and brands, is recognised in profit or loss as incurred.

**(iv) Amortisation**

Goodwill and intangible assets with indefinite useful lives are not amortised but are tested for impairment annually and whenever there is an indication that they may be impaired.

Other intangible assets are amortised from the date that they are available for use. Amortisation is based on the cost of an asset less its residual value. Amortisation is recognised in profit or loss on a straight-line basis over the estimated useful lives of intangible assets.

Amortisation methods, useful lives and residual values are reviewed at the end of each reporting period and adjusted, if appropriate.

**3. Significant Accounting Policies (Cont'd)****(g) Inventories**

Finished goods are stated at the lower of cost and net realisable value.

Cost is determined on the weighted average basis and comprises the purchase price and incidental costs incurred in bringing the inventories to their present location and condition.

Net realisable value is the estimated selling price in the ordinary course of business, less the estimated costs of completion and the estimated costs necessary to make the sale.

**(h) Cash and cash equivalents**

Cash and cash equivalents consist of cash on hand, balances and deposits with banks and highly liquid investments which have an insignificant risk of changes in fair value with original maturities of three months or less, and are used by the Group and the Company in the management of their short term commitments. For the purpose of the statement of cash flows, cash and cash equivalents are presented net of bank overdrafts.

**(i) Impairment****(i) Financial assets**

The Group and Company recognises loss allowances for expected credit losses on financial assets measured at amortised cost. Expected credit losses are a probability-weighted estimate of credit losses.

The Group and the Company measure loss allowances at an amount equal to lifetime expected credit loss, except for debt securities that are determined to have low credit risk at the reporting date, cash and bank balance and other debt securities for which credit risk has not increased significantly since initial recognition, which are measured at 12-month expected credit loss. Loss allowances for trade receivables are always measured at an amount equal to lifetime expected credit loss.

When determining whether the credit risk of a financial asset has increased significantly since initial recognition and when estimating expected credit loss, the Group and the Company consider reasonable and supportable information that is relevant and available without undue cost or effort. This includes both quantitative and qualitative information and analysis, based on the Group's and the Company's historical experience and informed credit assessment and including forward-looking information, where available.

Lifetime expected credit losses are the expected credit losses that result from all possible default events over the expected life of the asset, while 12-month expected credit losses are the portion of expected credit losses that result from default events that are possible within the 12 months after the reporting date. The maximum period considered when estimating expected credit losses is the maximum contractual period over which the Group and the Company is exposed to credit risk.

The Group and the Company estimates the expected credit losses on trade receivables using a provision matrix with reference to historical credit loss experience.

An impairment loss in respect of financial assets measured at amortised cost is recognised in profit or loss and the carrying amount of the asset is reduced through the use of an allowance account.

At each reporting date, the Group and the Company assess whether financial assets carried at amortised cost are credit-impaired. A financial asset is credit impaired when one or more events that have a detrimental impact on the estimated future cash flows of the financial asset have occurred.

The gross carrying amount of a financial asset is written off (either partially or full) to the extent that there is no realistic prospect of recovery. This is generally the case when the Group and the Company determine that the debtor does not have assets or sources of income that could generate sufficient cash flows to repay the amounts subject to the write-off. However, financial assets that are written off could still be subject to enforcement activities in order to comply with the Group's and the Company's procedures for recovery of amounts due.

**3. Significant Accounting Policies (Cont'd)****(i) Impairment (Cont'd)****(ii) Other assets**

The carrying amounts of other assets (except for inventories, contract assets and deferred tax assets) are reviewed at the end of each reporting period to determine whether there is any indication of impairment. If any such indication exists, then the asset's recoverable amount is estimated.

For the purpose of impairment testing, assets are grouped together into the smallest group of assets that generates cash inflows from continuing use that are largely independent of the cash inflows of other assets or cash-generating units. Subject to an operating segment ceiling test, for the purpose of goodwill impairment testing, cash-generating units to which goodwill has been allocated are aggregated so that the level at which impairment testing is performed reflects the lowest level at which goodwill is monitored for internal reporting purposes. The goodwill acquired in a business combination, for the purpose of impairment testing, is allocated to a cash-generating unit or a group of cash-generating units that are expected to benefit from the synergies of the combination.

The recoverable amount of an asset or cash-generating unit is the greater of its value in use and its fair value less costs of disposal. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset or cash-generating unit.

An impairment loss is recognised if the carrying amount of an asset or its related cash-generating unit exceeds its estimated recoverable amount.

Impairment losses are recognised in profit or loss. Impairment losses recognised in respect of cash-generating units are allocated first to reduce the carrying amount of any goodwill allocated to the cash-generating unit (group of cash-generating units) and then to reduce the carrying amounts of the other assets in the cash-generating unit (groups of cash-generating units) on a pro rata basis.

An impairment loss in respect of goodwill is not reversed. In respect of other assets, impairment losses recognised in prior periods are assessed at the end of each reporting period for any indications that the loss has decreased or no longer exists. An impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount since the last impairment loss was recognised. An impairment loss is reversed only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortisation, if no impairment loss had been recognised. Reversals of impairment losses are credited to profit or loss in the financial year in which the reversals are recognised.

**(j) Equity instruments**

Instruments classified as equity are measured at cost on initial recognition and are not remeasured subsequently.

**(i) Issue expenses**

Costs directly attributable to the issue of instruments classified as equity are recognised as a deduction from equity.

**(ii) Ordinary shares**

Ordinary shares are classified as equity.

**3. Significant Accounting Policies (Cont'd)****(k) Employee benefits****(i) Short-term employee benefits**

Short-term employee benefit obligations in respect of salaries, annual bonuses, paid annual leave and sick leave are measured on an undiscounted basis and are expensed as the related service is provided.

A liability is recognised for the amount expected to be paid under short-term cash bonus or profit-sharing plans if the Group has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee and the obligation can be estimated reliably.

**(ii) Defined contribution plans**

The Group's contributions to statutory pension funds are charged to profit or loss in the financial year to which they relate. Prepaid contributions are recognised as an asset to the extent that a cash refund or a reduction in future payments is available.

**(l) Provisions**

A provision is recognised if, as a result of a past event, the Group has a present legal or constructive obligation that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation. Provisions are determined by discounting the expected future cash flows at a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability.<sup>1</sup> The unwinding of the discount is recognised as finance cost.

**(m) Revenue and other income****(i) Revenue from contracts with customers**

Revenue is measured based on the consideration specified in a contract with a customer in exchange for transferring goods or services to a customer, excluding amounts collected on behalf of third parties. The Group and the Company recognise revenue when (or as) it transfers control over a product or service to customer. An asset is transferred when (or as) the customer obtains control of the asset.

The Group or the Company transfers control of a good or service at a point in time unless one of the following overtime criteria is met:

- the customer simultaneously receives and consumes the benefits provided as the Group or the Company performs;
- the Group's or the Company's performance creates or enhances an asset that the customer controls as the asset is created or enhanced; or
- the Group's or the Company's performance does not create an asset with an alternative use and the Group or the Company has an enforceable right to payment for performance completed to date.

**(ii) Rental income**

Rental income is recognised in profit or loss on a straight-line basis over the term of the lease. Lease incentives granted are recognised as an integral part of the total rental income over the term of the lease.

**(iii) Interest income**

Interest income is recognised as it accrues using the effective interest method in profit or loss except for interest income arising from temporary investment of borrowings taken specifically for the purpose of obtaining a qualifying asset which is accounted for in accordance with the accounting policy on borrowing costs.

**3. Significant Accounting Policies (Cont'd)****(n) Borrowing costs**

Borrowing costs that are not directly attributable to the acquisition, construction or production of a qualifying asset are recognised in profit or loss using the effective interest method

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are capitalised as part of the cost of those assets.

The capitalisation of borrowing costs as part of the cost of a qualifying asset commences when expenditure for the asset is being incurred, borrowing costs are being incurred and activities that are necessary to prepare the asset for its intended use or sale are in progress. Capitalisation of borrowing costs is suspended or ceases when substantially all the activities necessary to prepare the qualifying asset for its intended use or sale are interrupted or completed.

Investment income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation.

**(o) Income tax**

Income tax expense comprises current and deferred tax. Current tax and deferred tax are recognised in profit or loss except to the extent that it relates to a business combination or items recognised directly in equity or other comprehensive income.

Current tax is the expected tax payable or receivable on the taxable income or loss for the year, using tax rates enacted or substantively enacted by the end of the reporting period, and any adjustment to tax payable in respect of previous financial years.

Deferred tax is recognised using the liability method, providing for temporary differences between the carrying amounts of assets and liabilities in the statement of financial position and their tax bases. Deferred tax is not recognised for the following temporary differences: the initial recognition of goodwill, the initial recognition of assets or liabilities in a transaction that is not a business combination and that affects neither accounting nor taxable profit or loss. Deferred tax is measured at the tax rates that are expected to be applied to the temporary differences when they reverse, based on the laws that have been enacted or substantively enacted by the end of the reporting period.

The amount of deferred tax recognised is measured based on the expected manner of realisation or settlement of the carrying amount of the assets and liabilities, using tax rates enacted or substantively enacted at the reporting date. Deferred tax assets and liabilities are not discounted.

Deferred tax assets and liabilities are offset if there is a legally enforceable right to offset current tax liabilities and assets, and they relate to income taxes levied by the same tax authority on the same taxable entity, or on different tax entities, but they intend to settle current tax assets and liabilities on a net basis or their tax assets and liabilities will be realised simultaneously.

A deferred tax asset is recognised to the extent that it is probable that future taxable profits will be available against which the temporary difference can be utilised. Deferred tax assets are reviewed at the end of each reporting period and are reduced to the extent that it is no longer probable that the related tax benefit will be realised.

**(p) Earnings per ordinary share**

The Group presents basic and diluted earnings per share data for its ordinary shares ("EPS").

Basic EPS is calculated by dividing the profit or loss attributable to ordinary shareholders of the Company by the weighted average number of ordinary shares outstanding during the period, adjusted for own shares held.

Diluted EPS is determined by adjusting the profit or loss attributable to ordinary shareholders and the weighted average number of ordinary shares outstanding, adjusted for own shares held, for the effects of all dilutive potential ordinary shares, which comprise convertible notes and share options granted to employees.

**3. Significant Accounting Policies (Cont'd)****(q) Operating segments**

An operating segment is a component of the Group that engages in business activities from which it may earn revenues and incur expenses, including revenues and expenses that relate to transactions with any of the Group's other components. Operating segment results are reviewed regularly by the chief operating decision maker, which in this case is the Chief Executive Officer of the Group, to make decisions about resources to be allocated to the segment and to assess its performance, and for which discrete financial information is available.

**(r) Contingencies****(i) Contingent liabilities**

Where it is not probable that an outflow of economic benefits will be required, or the amount cannot be estimated reliably, the obligation is not recognised in the statements of financial position and is disclosed as a contingent liability, unless the probability of outflow of economic benefits is remote. Possible obligations, whose existence will only be confirmed by the occurrence or non-occurrence of one or more future events, are also disclosed as contingent liabilities unless the probability of outflow of economic benefits is remote.

**(ii) Contingent assets**

When an inflow of economic benefit of an asset is probable where it arises from past events and where existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the entity, the asset is not recognised in the statements of financial position but is being disclosed as a contingent asset. When the inflow of economic benefit is virtually certain, then the related asset is recognised.

**(s) Fair value measurement**

Fair value of an asset or a liability, except for lease transactions, is determined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The measurement assumes that the transaction to sell the asset or transfer the liability takes place either in the principal market or in the absence of a principal market, in the most advantageous market.

For non-financial asset, the fair value measurement takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

When measuring the fair value of an asset or a liability, the Group uses observable market data as far as possible. Fair value is categorised into different levels in a fair value hierarchy based on the input used in the valuation technique as follows:

- Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities that the Group can access at the measurement date.
- Level 2: inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.
- Level 3: unobservable inputs for the asset or liability.

The Group recognises transfers between levels of the fair value hierarchy as of the date of the event or change in circumstances that caused the transfers.

## 5. Right-of-use Assets (Cont'd)

The Group leases its retail stores, warehouse and office building. The leases typically run for a period of two to three years, with an option to renew the lease after that dates.

### Extension options

Some leases of retail stores contain extension options exercisable by the Group up to two to three years before the end of the non-cancellable contract period. Where practicable, the Group seeks to include extension options in new leases to provide operational flexibility. The extension options held are exercisable only by the Group and not by the lessors. The Group assesses at lease commencement whether it is reasonably certain to exercise the extension options. The Group reassesses whether it is reasonably certain to exercise the options if there is a significant event or significant change in circumstances within its control.

Impairment loss recognised	48,225,385	11,200
At 31 March	75,813,083	27,587,698

During current financial year, the Company conducted a review of recoverable amounts of its investments in certain subsidiaries of which its carrying amount of investments exceeded its share of net assets in the respective subsidiaries at the reporting date. The review gave rise to the recognition of an impairment loss of investment in subsidiaries of RM48,225,385 (2019: RM11,200) based on recoverable amount of RM3,147,616 (2019: RM946,400). The impairment loss was recognised in 'administrative expenses' in statements of profit or loss and other comprehensive income. The recoverable amount is determined based on fair value less cost of disposal using net assets of the respective subsidiaries as at the end of the reporting period. The fair values are within level 3 of the fair value hierarchy.

Investments in subsidiaries at carrying amount of RM229,300,000 (2019: RM229,300,000) were pledged as security for credit facilities granted to a subsidiary as disclosed in Note 18.

**(a) Description of material intangible assets**

Intangible assets represent the trademarks for the brands of "Anakku" and "Audrey" for the Group's specialised wear, care and related products through HTO that were acquired in business combinations. The useful lives of the trademarks are estimated to be indefinite because based on the current market share of the brands, management believes there is no foreseeable limit to the period over which brands are expected to generate net cash inflow for the Group.

**(b) Impairment testing for cash-generating units ("CGU") containing goodwill and trademarks**

For purpose of impairment testing, goodwill and trademarks are allocated to the Group's operating divisions which represent the lowest CGU level within the Group at which the goodwill and trademarks are monitored for internal management purposes.

The aggregate carrying amounts of goodwill and trademarks allocated to each CGU are as follows:

	Goodwill RM	2020 Trademarks RM	Goodwill RM	2019 Trademarks RM
<b>Group</b>				
Baby wear	13,237,911	113,000,000	13,237,911	113,000,000

	26,704,868	131,000,000	26,704,868	131,000,000

**7. Intangible Assets (Cont'd)****(b) Impairment testing for cash-generating units ("CGU") containing goodwill and trademarks (Cont'd)****Key assumptions used in value in use calculations**

The recoverable amounts of the CGUs in respect of goodwill and trademarks were determined using the value in use approach. Cash flow projections used were based on financial budgets approved by the management covering a 25-year period for baby wear CGU and lingerie wear CGU. It has taken into consideration the impact of COVID-19 pandemic. The constant growth rate used to extrapolate cash flows projections beyond 5-year period is 8% (2019: 5%) for baby wear and 2.5% (2019: 3%) for lingerie wear and it does not exceed long-term average growth rate of the industry. Management believes that a forecast period greater than 5 years was justified due to the long-term nature of the baby and lingerie wear business.

The key assumptions used for the value in use calculations are:

	<b>Gross Margin</b>		<b>Growth Rate</b>		<b>Discount Rate</b>	
	<b>2020</b>	<b>2019</b>	<b>2020</b>	<b>2019</b>	<b>2020</b>	<b>2019</b>
Baby wear	50%	48%	-8.3% to 8.0%	5% to 13%	5.5%	6.7%
Lingerie wear	67%	69%	-8.6% to 2.5%	5% to 12%	4.3%	5.7% <sup>=</sup>

**(i) Budgeted gross margin**

The basis used to determine the budgeted gross margin is the average gross margins achieved in recent years immediately before the budgeted year and after incorporating the effects of merchandising improvement and new marketing strategies.

**(ii) Growth rate**

The basis used to determine the growth rate is the revenue growth achieved in recent years and after taking into account the impact of COVID-19 pandemic.

**(iii) Discount rate (pre-tax)**

Reflects risks specific to each CGU.

The values assigned to the key assumptions represent management's assessment of future trends in the cash-generating units and are based on both external sources and internal sources (historical data).

Based on the impairment assessment performed by the Group, there is no impairment losses recognised for goodwill and trademarks during current financial year.

A reasonable possible change in the key assumptions would not result in any impairment.

**30. Financial Instruments (Cont'd)****(b) Financial risk management**

The Group has exposure to the following risks from its financial instruments:-

- Credit risk
- Liquidity risk
- Market risk

(i) Credit risk

Credit risk is the risk of a financial loss if a customer or counterparty to a financial instrument fails to meet its contractual obligations. The Group's exposure to credit risk arises principally from the individual characteristics of each customer, short term investments and cash and cash equivalents. The Company's exposure to credit risk arises principally from advances to subsidiaries and financial guarantees given to banks for credit facilities granted to subsidiaries. There are no significant changes as compared to prior periods.

Trade receivables

*Risk management objectives, policies and processes for managing the risk*

Management has a credit policy in place and the exposure to credit risk is monitored on an ongoing basis. Credit evaluations are performed on customers requiring credit over a certain amount. Certain customers based on initial assessment are required to provide payment assurances such bank guarantees or transact on cash basis until creditability is established before credit is extended or provided.

At each reporting date, the Group assesses whether any of the trade receivables are credit impaired.

The gross carrying amounts of credit impaired trade receivables are written off (either partially or fully) when there is no realistic prospect of recovery. This is generally the case when the Group determines that the debtor does not have assets or sources of income that could generate sufficient cash flows to repay the amounts subject to the write-off. Nevertheless, trade receivables that are written off could still be subject to enforcement activities.

There are no significant changes as compared to previous year.

*Exposure to credit risk, credit quality and collateral*

As at the end of the reporting period, the maximum exposure to credit risk arising from trade receivables are represented by the carrying amounts in the statement of financial position.

*Concentration of credit risk*

The Group's major concentration of credit risk related to the amounts owing by 5 customers (2019: 5 customers) which constituted approximately 57% (2019: 52%) of its trade receivables as at the end of the reporting period.

**30. Financial Instruments (Cont'd)****(b) Financial risk management (Cont'd)****(i) Credit risk (Cont'd)**Trade receivables (Cont'd)*Recognition and measurement of impairment loss*

In managing credit risk of trade receivables, the Company manages its debtors and takes appropriate actions (including but not limited to legal actions) to recover long overdue balances. Generally, trade receivables will pay within 30 to 120 days based on credit terms granted.

The Group uses an allowance matrix to measure ECLs of trade receivables.

Loss rates are based on actual credit loss experience over the past three years. The Group also considers differences between (a) economic conditions during the period over which the historic data has been collected, (b) current conditions and (c) the Group's view of economic conditions over the expected lives of the receivables. Nevertheless, the Group believes that these factors are immaterial for the purpose of impairment calculation for the year.

The following table provides information about the exposure to credit risk and ECLs for trade receivables.

Short-term investments

Investments are allowed only in liquid securities and only with counterparties that have a credit rating equal to or better than the Group.

As at the end of the reporting period, the Group has only invested in money market fund. The maximum exposure to credit risk is represented by the carrying amounts in the statement of financial position.

There is no history of default on the money market fund and there are no indicators that this fund may default. The Group is of the view that the loss allowance is not material and hence, it is not provided for.

Cash and cash equivalents

The cash and cash equivalents are held with banks. As at the end of the reporting period, the maximum exposure to credit risk is represented by their carrying amounts in the statement of financial position.

These banks have low credit risks. In addition, some of the bank balances are insured by government agencies. Consequently, the Group and the Company are of the view that the loss allowance is not material and hence, it is not provided for.

Financial guarantees*Risk management objectives, policies and processes for managing the risk*

The Company provides unsecured financial guarantees to banks and financial institutions in respect of credit facilities granted to certain subsidiaries. The Company monitors the ability of the subsidiaries to service their loans on an individual basis.

*Exposure to credit risk, credit quality and collateral*

The maximum exposure to credit risk amounts to RM54,913,000 (2019: RM64,917,000) representing the outstanding credit facilities of the subsidiaries as at the end of the reporting period.

The financial guarantees are provided as credit enhancements to the subsidiaries' secured loan.

**30. Financial Instruments (Cont'd)****(b) Financial risk management (Cont'd)****(i) Credit risk (Cont'd)**Financial guarantees (Cont'd)*Recognition and measurement of impairment loss*

The Company assumes that there is a significant increase in credit risk when a subsidiary's financial position deteriorates significantly. The Company considers a financial guarantee to be credit impaired when:

- the subsidiary is unlikely to repay its credit obligation to the banks or financial institutions in full; or
- the subsidiary is continuously loss making and is having a deficit shareholders' fund.

The Company determines the probability of default of the guaranteed loans individually using internal information available.

Inter-company advances*Risk management objectives, policies and processes for managing the risk*

The Company provides unsecured advances to its subsidiaries. The Company monitors the ability of the subsidiaries to repay the advances on an individual basis.

*Exposure to credit risk, credit quality and collateral*

As at the end of the reporting period, the maximum exposure to credit risk is represented by their carrying amounts in the statement of financial position.

Advances provided are not secured by any collateral or supported by any other credit enhancements.

*Recognition and measurement of impairment loss*

Generally, the Company considers advances to its subsidiaries have low credit risk. The Company assumes that there is a significant increase in credit risk when a subsidiary's financial position deteriorates significantly. As the Company is able to determine the timing of payments of the subsidiaries' advances when they are payables, the Company considers the advances to be in default when the subsidiaries are not able to pay when demanded. The Company considers a subsidiary's advance to be credit impaired when:

- The subsidiary is unlikely to repay its advance to the Company in full;
- The subsidiary's advance is overdue for more than 365 days; or
- The subsidiary is continuously loss making and is having a deficit shareholders' fund.

The Company determines the probability of default for these advances individually using internal information available.

## (ii) Liquidity risk

Liquidity risk refers to the risk that the Group will encounter difficulty in meeting its financial obligation as they fall due. The Group's exposure to liquidity risk arises primarily from the mismatches of the maturities of financial assets and liabilities.

The Group's funding requirement and liquidity risks are managed with the objectives of meeting business obligations on a timely basis. The Group finances its liquidity through internally generated cash flows and minimizes liquidity risk by keeping committed credit lines available.

Liquidity risk is managed on both the Group and entity basis. The primary objective of liquidity risk management is to ensure that the bank has sufficient access to funding, to support business activities and to meet contingencies. The Group uses several liquidity risk indicators/ratios for monitoring purposes. The management reviews the Group's liquidity ratios and deposit gathering activities regularly and maintain sufficient liquidity buffer as well as exploring alternative funding sources which would provide the Group with additional avenues to manage costs, volumes and maturities.

## (iii) Market risks

Market risk is the risk that changes in market prices, such as foreign exchange rates, interest rates and other prices that will affect the Group's financial position or cash flows.

## (a) Currency risk

The Group is exposed to foreign currency risk on sales that are denominated in a currency other than the respective functional currencies of Group entities. The currencies giving rise to this risk are primarily U.S. Dollar ("USD") and Brunei Dollar ("BND").

*Risk management objectives, policies and processes for managing the risk*

Foreign currency risk is monitored closely on an ongoing basis to ensure the net exposure is at an acceptable level.

*Exposure to foreign currency risk*

The Group's exposure to foreign currency (a currency which is other than the functional currency of the Group entities) risk, based on carrying amounts as at the end of the reporting period are as follows:

	USD RM	Denominated in BND RM
<b>Group</b>		
<b>2020</b>		
Trade receivables	73,608	183,592
<b>2019</b>		
Trade receivables	444,934	566,605

**30. Financial Instruments (Cont'd)****(b) Financial risk management (Cont'd)****(iii) Market risks (Cont'd)****(a) Currency risk (Cont'd)***Currency risk sensitivity analysis*

The following table demonstrates the sensitivity of the Group's profit before tax to a reasonably possible change in the USD and BND exchange rates against RM, with all other variables in particular interest rates, remained constant and ignores any impact of forecasted transactions.

Group	Change in currency rate	Effect on profit before tax	
		2020 RM	2019 RM
USD	Strengthened 5%	3,680	22,247
	Weakened 5%	(3,680)	(22,247)
BND	Strengthened 5%	9,180	28,330
	Weakened 5%	(9,180)	(28,330)

**(b) Interest rate risk**

The Group's fixed rate deposits placed with licensed banks and fixed rate borrowings are exposed to a risk of change in their fair value due to changes in market interest rates. The Group's variable rate borrowings are exposed to a risk of change in cash flows due to changes in market interest rates. Short term investment is not significantly exposed to interest rate risk.

*Risk management objectives, policies and processes for managing the risk*

The Group manages its interest rate risk exposure from interest bearing borrowings by obtaining financing with the most favourable interest rates in the market. The Group constantly monitors its interest rate risk by reviewing its debts portfolio to ensure favourable rates are obtained. The Group does not utilise interest swap contracts or other derivative instruments for trading or speculative purposes.

*Exposure to interest rate risk*

The interest rate profile of the Group's significant interest-bearing financial instruments, based on carrying amounts as at the end of the reporting period are as follows:

Group	2020 RM	2019 RM
<b>Floating rate instruments</b>		
Financial Liabilities		
- Islamic medium term notes	(40,000,000)	(50,000,000)

**(b) Financial risk management (Cont'd)**
**(iii) Market risks (Cont'd)**
**(b) Interest rate risk**
*Interest rate risk sensitivity analysis*
Fair value sensitivity analysis for fixed rate instruments

The Group does not account for any fixed rate financial assets and liabilities at fair value through profit or loss. Therefore, a change in market interest rates at the end of the reporting period would not affect profit or loss.

Cash flow sensitivity analysis for variable rate instruments

A change in 0.50% (2019: 0.25%) interest rate at the end of the reporting period would have increased/(decreased) the Group's profit before tax by RM274,565 (2019: RM162,293) respectively, arising mainly as a result of lower/higher interest expense on floating rate financial instruments. This analysis assumes that all other variables remain constant. The assumed movement in basis points for interest rate sensitivity analysis is based on the currently observable market environment.

**(c) Price risk**

Price risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices (other than those arising from interest rate/profit yield risk or currency risk), regardless whether those changes are caused by factors specific to the individual financial instruments or its issuer or factors affecting similar financial instruments traded in the market.

The Group's price risk exposure relates to financial assets whose values will fluctuate as a result of changes in market prices.

The Group is exposed to price risk arising from investments in money market fund held by the Group. The Group's exposure to price risk is immaterial as all investments are invested in money market fund. Hence, sensitivity analysis is not presented.

**(c) Fair value information**

The carrying amounts of cash and cash equivalents, short term receivables and payables and short term borrowings reasonably approximate their fair values due to the relatively short term nature of these financial instruments.

The tables below analyses other financial instruments at fair value.

	Fair value of financial instruments carried at fair value Level 2 RM	Fair value of financial instruments not carried at fair value Level 2 RM	Total fair value RM	Carrying amount RM
<b>Group 2020</b>

**30. Financial Instruments (Cont'd)****(c) Fair value information (Cont'd)**Level 2 fair value*Short term investments*

The fair value of short term investments is calculated based on net assets value of the money market fund.

*Finance lease payables*

Fair value, which is determined for disclosure purposes, is calculated based on the present value of future principal and interest cash flows, discounted at the market rate of interest at the end of the reporting period.

Transfers between Level 1 and Level 2 fair values

There has been no transfer between Level 1 and Level 2 fair values during the financial year (2018: no transfer in either directions).

**31. Capital Management**

The Group manages its capital to ensure that entities within the Group will be able to maintain an optimal capital structure so as to support their businesses and maximise shareholders' value. To achieve this objective, the Group may make adjustments to the capital structure in view of changes in economic conditions, such as adjusting the amount of dividend payment, returning of capital to shareholders or issuing new shares.

The Group monitors capital using debt-to-equity ratio. The Group's policy is to maintain a prudent level of debt-to-equity ratio that complies with regulatory. The debt-to-equity ratios at end of the reporting period are as follows:

	2020 RM	Group 2019 RM
<b>Debt</b>		
Lease liabilities	11,107,654	–
Finance lease payable	–	243,298
Islamic medium term notes	40,000,000	50,000,000

	66,020,654	65,160,298
Less: Fixed deposits with licensed banks	–	(1,865,000)
Less: Cash and bank balances	(737,394)	(3,060,495)
Net debt	65,283,260	60,234,803
Total equity	198,006,103	189,492,165
Debt-to-equity ratio	33%	32%

There were no changes in the Group's approach to capital management during the financial year.

The Group complies with Bursa Malaysia Securities Berhad Main Market Listing Requirement to maintain a consolidated shareholders' equity (total equity attributable to owners of the Company) of more than 25% of the share capital (excluding treasury shares) of the Company and maintain such shareholders' equity at not less than RM40 million.

**32. Significant Changes in Accounting Policies**

During the year, the Group adopted MFRS 16.

**Definition of a lease**

On transition to MFRS 16, the Group elected to apply the practical expedient to grandfather the assessment of which transactions are leases. It applied MFRS 16 only to contracts that were previously identified as leases. Contracts that were not identified as leases under MFRS 117 and IC Interpretation 4 *Determining whether an Arrangement contains a Lease* were not reassessed. Therefore, the definition of a lease under MFRS 16 has been applied only to contracts entered into or changed on or after 1 April 2019.

**As a lessee**

Where the Group is a lessee, the Group applied the requirements of MFRS 16 retrospectively with the cumulative effect of initial application as an adjustment to the opening balance of accumulated losses at 1 April 2019. At 1 April 2019, for leases that were classified as operating lease under MFRS 117, lease liabilities were measured at the present value of the remaining lease payments, discounted at the Group entities' incremental borrowing rate as at 1 April 2019. The weighted-average rate applied is 5.2%. Right-of-use assets are measured at an amount equal to the lease liability, adjusted by the amount of any prepaid or accrued lease payments.

The Group used the following practical expedients when applying MFRS 16 to leases previously classified as operating lease under MFRS 117:

- applied a single discount rate to a portfolio of leases with similar characteristics;
- applied the exemption not to recognise right-of-use assets and liabilities for leases with less than 12 months of lease term as at 1 April 2019;
- excluded initial direct costs from measuring the right-of-use asset at the date of initial application; and
- used hindsight when determining the lease term if the contract contains options to extend or terminate the lease; and

For leases that were classified as finance lease under MFRS 117, the carrying amounts of the right-of-use asset and the lease liability at 1 April 2019 are determined to be the same as the carrying amount of the leased asset and lease liability under MFRS 117 immediately before that date.

**As a lessor**

Group entities who is an intermediate lessor reassessed the classification of a sublease previously classified as an operating lease under MFRS 117 and concluded that the sublease is an operating lease under MFRS 16.

**Impacts on financial statements**

Since the Group applied the requirements of MFRS 16 retrospectively with the cumulative effect of initial application at 1 April 2019, there are no adjustments made to the prior period presented.

The following table explains the difference between operating lease commitments disclosed applying MFRS 117 at 31 March 2019, and lease liabilities recognised in the statement of financial position at 1 April 2019.

**33. Comparative Figures**Reclassification

Certain comparative figures have been reclassified to conform with current financial year presentation.

Understatement of revenue and selling and distribution expenses

The financial statements for prior period have been retrospectively restated to adjust for the understatement of revenue and selling and distribution expenses due to commission expenses from concessionaire sales was wrongly accounted for as reduction to revenue. The effects of correction of the error are disclosed below:

Notes:

1. In respect of deposited securities, only members whose names appear in the Record of Depositors on 18 August 2020 ("General Meeting Record of Depositors") shall be entitled to attend, speak and vote at this Meeting.
2. A member entitled to attend and vote at this Meeting is entitled to appoint any person as his proxy to attend and vote instead of him. A proxy appointed to attend and vote at this Meeting shall have the same rights as the member to speak at the Meeting.
3. A member of the Company may appoint more than one (1) proxy to attend at the same meeting. Where a member appoints more than one (1) proxy to attend and vote at the same meeting, such appointment shall be invalid unless he specifies the proportion of his shareholdings to be represented by each proxy.
4. Where a member of the Company is an authorised nominee as defined under the Securities Industry (Central Depository) Act, 1991, it may appoint at least one (1) proxy in respect of each securities account it holds with ordinary shares of the Company standing to the credit of the said securities account.
5. Where a member of the Company is an exempt authorised nominee as defined under the Securities Industry (Central Depository) Act, 1991 which holds ordinary shares in the Company for multiple beneficial owners in one securities account ("omnibus account"), there is no limit to the number of proxies which the exempt authorised nominee may appoint in respect of each omnibus account it holds.
6. The instrument appointing a proxy shall be in writing under the hand of the appointor or of his attorney duly authorised in writing or if such appointor be a corporation, under its common seal or under the hand of an officer or attorney of the corporation duly authorised.
7. The instrument appointing a proxy and the power of attorney or other authority (if any), under which it is signed or a notarially certified copy of that power of attorney or authority, shall be deposited at the registered office of the Company at Lot 10449, Jalan Nenas, Batu 4½, Kampung Jawa, 41000 Klang, Selangor Darul Ehsan not less than forty-eight (48) hours before the time appointed for holding the Meeting or at any adjournment thereof.
